Gala Parade Is Reviewed By President

Display Of Armed Might Highlights 6-Mile-Long Show

WASHINGTON, Jan. 21 (AP)—It was a grand and glorious parade today at President Eisenhower's second inauguration.

But the weather, dank and cloudy, was too cool for comfort and when it was all over, Eisenhower felt moved to say:

"Oh, my old knees are stiff."

The great display of armed might, tuneful bands with pretty majorettes and flowery floats, ran a little more than an hour over the scheduled 2½ hours.

But once it got started—Eisenhower stayed overlong at lunch in the Capitol and contributed 19 minutes to the delay — everything went fairly smoothly.

His own procession down Pennsylvania avenue was triumphal. Crowds lining the broad street, some in temporary stands, some standing at the wired-off curb, some in windows of buildings, and some on top of buildings, cheered him enthusiastically.

Eisenhower stood in the open car, waved his black thumb to the crowds and thrust both arms up and out in the gesture that has become familiar to him and to the people during other parades and on the campaign trail.

Washington's police chief, Robert V. Murray, estimated that the crowds that turned out for the inaugural ceremony at the Capitol and for the parade that followed, added up to around 750,000 people.

Mrs. Eisenhower rode with the President. Vice President and Mrs. Nixon were behind them in another car.

At the White House, the Eisenhowers and Nixons were seated in a reviewing stand. They got some comfort from heaters that had been built into the balustrade.

The President's animation and high spirits continued throughout the six-mile-long parade.

Eisenhower showed particular delight with floats from Pennsylvania and Georgia.

A Pennsylvania entry bore a representation of his Gettysburg farm, and Eisenhower happily pointed out the barns and gates to Nixon.

One of the Georgia entries was a golf course scene, to remind the world that Augusta is the President's golfing playground.

Missiles On Display

The first part of the parade was heavy on the military side.

Members of the Cabinet didn't get a whole lot of applause, but it wasn't long before the tried-and-tested crowd pleasers—the West Point cadets and the Annapolis midshipmen—swung into view.

The cadets from the new Air Force Academy, in their first big parade, also got a good hand.

A huge and ugly missile, the Redstone, was greeted mostly by grim silence as it was towed along. The 60-foot monster cylinder, painted olive drab, was followed by other missiles, the Corporal, two Honest Johns, two Nike's, the Matador, Snark, Falcon, plus the F104A jet fighter with stubby wings.

There had been nearly an hour of official pomp and military impressiveness before the crowd got to see a float carrying pretty girls. This was the District of Columbia float, and its accent was on cherry blossoms.

The biggest float of all, 408-feet long, actually was 12 floats hooked together.

Bare Legs, Ear Muffs

WASHINGTON, Jan. 21 (AP)—The bare-legged drum majorettes of the Abbeville (La.) High School band marched today in the inaugural parade well prepared for winter weather. They all wore red ear muffs.

High Spots In Colorful, Six-Mile-Long Inaugural Parade

EISENHOWER WAVES—President Eisenhower stands in his open car and waves as he leaves the Capitol just before swinging into Constitution Avenue on the traditional inaugural parade route in Washington yesterday.

New Atom Test Curb Proposals Handed To U.N.

UNITED NATIONS, N. Y., Jan. 21 (AP)—Three new proposals to limit, control or register future nuclear test explosions were submitted to the U.N. today amid growing demands for some sort of action now.

The proposals were laid before the General Assembly's 80-nation Political Committee a few hours after the U. S. Atomic Energy Commission reported the Russians had set off at least their fifth nuclear explosion since last August.

While the new plans were not directly inspired by the Soviet action, their sponsors made it clear that they were becoming increasingly concerned over the continuing experimental blasts and wanted to introduce some measure of international control or supervision before serious damage resulted.

One of the new proposals was offered by Japan, Canada and Norway which called for a system of advance registration of all nuclear tests and for observation of the radiation results by U.N. experts. This appeared to have wide support.

Sweden went further and proposed that all nuclear explosions be banned until the U.N. Scientific Committee on the Effects of Radiation had completed studies now in progress. This, in effect, would amount to a two-year moratorium.

Philippines Plan

The third plan was suggested by the Philippines. It proposed that the Western Powers and Russia agree on a common testing ground as the only place where nuclear explosions could take place. The tests would be registered and each country would be limited as to the number and size of explosions permitted in any one year.

There was no sign that Russia would support anything less than its own proposal for an immediate ban on all test explosions.

A British spokesman told news men that Britain would support the Japanese-Canadian-Norwegian proposal.

The United States declined immediate comment.

Millions Watch Ike Eat Hearty Inaugural Lunch

WASHINGTON, Jan. 21 (AP)—President Eisenhower ate a hearty inaugural lunch today with Americans able to watch his table manners on TV.

The President and Mrs. Eisenhower, joined by Vice President and Mrs. Nixon, munched through what could have been the most widely observed buffet in history after the ceremonial oath-taking at the Capitol.

Television cameras followed the President as he moved along a table heaped with shrimp, beef, ham, pastries and assorted trimmings. Chefs in puffed white hats treated the President to liberal portions.

Hungarian Hero Reported Given Death Sentence

VIENNA, Austria, Jan. 21 (AP)—Gen. Pal Maleter, a hero of the Hungarian revolution, tonight was reported sentenced to death in Budapest.

Reports reaching here from Hungary said an aide, Col. Sandor K. Kopacsi, also was sentenced to death and both have appealed for clemency. These reports lacked official confirmation in Budapest.

A Communist court will decide later on their appeals, the reports said.

Maleter, a career army officer was a commander of the Kilian (Maria Theresa) barracks that held out defiantly against Red army tanks during the revolt and controlled much of Budapest's 8th and 9th districts.

Maleter was minister of defense in the Cabinet of ousted Premier Imre Nagy. Kopacsi was head of the Budapest police during Nagy's shortlived government.

Maleter headed the Hungarian government delegation that went to Soviet headquarters on Csepel Island early Nov. 4 to negotiate withdrawal of Soviet troops from Hungary.

It was a trap. Maleter was arrested.

Dag Favors Toll Surcharge To Pay Suez Salvage Costs

Clearing Canal Will Cost \$45,000,000

UNITED NATIONS, N. Y., Jan. 21 (AP)—Secretary General Dag Hammarskjold was reported today to be advocating a surcharge on Suez Canal tolls to pay a 45-million-dollar bill for clearing the vital waterway.

This was disclosed by diplomats here while Hammarskjold, with U.S. backing, pressed Israel to withdraw from Egypt.

Israel has promised to be out of virtually all of the Sinai Desert by tomorrow. However, it is clinging to the Gaza Strip and the Sharm el Sheikh area, near the Gulf of Aquaba, until protection of Israeli interests is guaranteed.

Hammarskjold is slated to report to the General Assembly Friday on the Israeli situation. The Assembly is expected to meet next Monday to debate his report and—if Israel has not withdrawn—consider what to do about it.

Persons familiar with Hammarskjold's money-raising efforts said he held a seven-nation advisory

Battle To Save Twin Is Futile

NEW YORK, Jan. 21 (AP)—A premature twin born with his heart outside his body was brought back to life three times today, but in the end the surgeons' battle was lost. The child died tonight.

The child was the first of two boys born in Spring Valley, N. Y., to Mrs. Helen Wight, 34, wife of a construction worker.

The other twin was normal. The boys were two months premature. Each weighed 4 pounds, 6 ounces.

The malformed child was born at 7:46 a. m. He was given oxygen and the exposed heart was covered with a sponge soaked with a salt solution.

The child was brought some 20 miles by ambulance to Montefiore Hospital in the Bronx.

Three times, as doctors prepared to operate, the child's exposed heart stopped. Each time a heart beat was restored by means of oxygen.

Demos Ask Changes In Immigration Laws

WASHINGTON, Jan. 21 (AP)—Twenty-eight Democratic members of the House today proposed a major revision of U.S. Immigration and Nationality laws.

It would eliminate the present quota system based on nationality of immigrants and substitute a "class" basis without regard to national origin.

Rep. Celler (D-N.Y.), chairman of the House Judiciary Committee, announced that 27 other members of the House had joined him in the proposed legislation. He said he would introduce it at the first opportunity in the coming week.

Iowa Official Denies Stealing Hair Dressing

DES MOINES, Jan. 21 (AP)—Iowa's \$7,500-a-year state insurance commissioner, Oliver P. Bennett, 64, was accused in a Municipal Court information today of stealing a 67-cent tube of hair dressing from a downtown drug store last Wednesday night.

Bennett, custodian of 1½ billion dollars worth of insurance securities, was charged with petty larceny and resisting an officer. He asserts he paid for the item.

He pleaded innocent through Atty. David S. Peshkin to both charges. Municipal Court Judge Ray Harrison set Jan. 29 for hearing. Bennett was not required to post bond.

Supreme Court Hearing Won By Actors, Writers

WASHINGTON, Jan. 21 (AP)—Hollywood actors and writers who claim they have been deprived of their "liberty to work" because they refused to testify before the House Committee on Un-American Activities won a Supreme Court hearing today.

The high court agreed to review the action of California courts which dismissed a suit by 23 actors and writers against major film companies, movie distributors and members of the House committee. Their suit asked damages of 2½ million dollars for each of the plaintiffs.

In a two-minute session today, the court agreed:

1. Accord to decide whether President Eisenhower had authority to dismiss Myron Wiener as a member of the old War Claims Commission. Wiener was appointed by President Truman June 8, 1950. President Eisenhower dismissed him Dec. 10, 1953, after he refused to resign.

2. Ruled that a single federal judge lacks power to issue an injunction restraining enforcement of an act of Congress on the ground of "repugnance to the Constitution."

Baghdad Pact's Members Back "Ike Doctrine"

ANKARA, Turkey, Jan. 21 (AP)—Members of the Baghdad Pact's four Muslim members announced full support of the Eisenhower doctrine today and called for vigorous steps "to meet the challenge of false and subversive propaganda" in the Middle East.

"Subversive activities aimed at the destruction of established law and order continue unabated," declared a communique issued after a two-day meeting of officials of Turkey, Iraq, Iran and Pakistan.

"They noted with satisfaction that President Eisenhower's plan for the Middle East recognizes the threat posed by Communist aggression and subversion to the countries of the Middle East."

"They fully support the measures outlined in that plan, as it stands at present, as best designed to maintain peace in this area and advance the economic well-being of the people."

"They note with gratification that the plan is not designed to create spheres of influence nor to enslave peoples of the Middle East."

The four nations—partners of Britain in an alliance created in 1955 as a shield for the Middle East against Soviet aggression—thus took a stand contrasting sharply with rejection of the "vacuum theory" by top leaders of Egypt, Syria, Saudi Arabia and Jordan at a weekend meeting in Cairo.

U.S. Warship Stars In Drama Of Sea

SUVA, Fiji, Tuesday, Jan. 22 (AP)—The U. S. destroyer Kyes re-moved 120 passengers today from the New Zealand steamship Mantua as it lay aground on a reef off Fiji.

The 4,250-ton steamer was refloated with negligible damage after the destroyer put a cable aboard to help pull her off the reef. The ship's 66 crew members stayed aboard for the refloating operation, the Suva manager of the ship's company said.

Eisenhower Inaugurated For 2d Term

President Brands Communism Great "Divisive Force"

WASHINGTON, Jan. 21 (AP)—President Eisenhower proclaimed to an imperiled world today that building "peace with justice" is the "bold and solemn purpose" of his second White House term.

Over and over, in a varied choice of words, that was the one major message that rang through Eisenhower's inaugural address.

It was the traditional address, from the traditional spot in front of the national Capitol, delivered immediately after the President had repeated in public the oath of office he took yesterday in private.

The President branded "international communism" as the power that it controls "as the great 'divisive force' loosely in a world which he said rarely has 'known such peril as today.' Yet toward the people of Soviet Russia, he thrust forth a hand of friendship. Soviet Ambassador Georgi Zorin listened in studied silence.

"The cost of a just, enduring peace will be high in toil, help and sacrifice, the President warned. But he voiced a sturdy conviction that 'we can help heal this divided world.'"

"May the light of freedom, coming to all darkened lands, flame brightly," he said, "until at last the darkness is no more."

As he spoke, a brilliant sun poked briefly through a canopy of clouds overhead.

Ike Spurns Overcoat

Bareheaded, wearing an overcoat on a frosty winter day, serious of mien and manner, the President addressed himself directly to 20,000 or 30,000 people.

Television and radio, including the Voice of America, carried Eisenhower's words to countless millions more at home and beyond the seas.

For all these audiences, this was the big day since yesterday's oath taking by the President and Vice President Nixon took place in the seclusion of the White House. That was because for the first time in 40 years an old presidential term ended and a new one began on a Sunday.

While today's event was in some measure a playback of the original, a sort of dress rehearsal in reverse, this time the public shared it. And this time, it was far more colorful and spectacular.

The great and the near great, and just ordinary people, gathered at the Capitol for the noonday ritual. There were governors, Cabinet members, Supreme Court justices, diplomats, members of Congress.

Lunch At Capitol

Afterward, for the President, it was lunch at the Capitol, a slow-paced ride down Pennsylvania Avenue in a magnificent parade, a review of the parade from a green-garlanded stand in front of the White House—and then on to the four fountains of dazzling inaugural balls.

Vast throngs of humanity sat in stands or stood behind wire barricades to wave the President and

U.S. Gets Brazil Missile Station

RIO DE JANEIRO, Jan. 21 (AP)—Brazil agreed today to the establishment by the United States of a guided missile tracking station under the Brazilian flag on the island of Fernando de Noronha.

The island, 250 miles off the hump of Brazil, is on the 40-mile wide, 5,000-mile long guided missile track between Florida launching sites and the terminal control point, British-ruled Ascension Island in the South Atlantic.

The agreement, proposed to run five years, will permit the installation of electronic equipment by which the United States can both check the flight of its own missiles and detect missiles that might be fired by other nations. Brazil in return is to get American economic aid, still to be negotiated.

The agreement came after four months of talks. An exchange of notes between U. S. Ambassador Ellis O. Briggs and Foreign Minister Jose Magdo Soares cleared the way for quick action on the project, which a U. S. authority has described as "vital and urgent."

French Kill 74 Rebels

ALGIERS, Jan. 21 (AP)—French troops killed 74 nationalist rebels and captured 15 others in clashes in the Kabylie ranges east of here and in the Oran department of Western Algeria, French headquarters said tonight.

Ike Unusually Grim As He Takes Oath

WASHINGTON, Jan. 21 (AP)—It was an unusually grim and solemn Dwight D. Eisenhower who was sworn in publicly as President today.

He looked solemn as he stood at the top of the red and blue carpeted steps at the Capitol, waiting to come down for the ceremony.

He looked positively glum as he sat waiting to take the oath. He stared into the distance like a Gettysburg farmer who was worrying about the cattle on the South 40.

Only occasionally did his face light up. Such as after Richard M. Nixon was sworn in, and Eisenhower offered the vice president his congratulations.

The President's generally somber expression was in keeping with a theme of his inauguration address—the danger inherent in the world situation.

"Rarely has this earth known such peril as today," he said. Not until the whole ceremony was over did he relax and flash the grin that is one of the world's greatest political assets.

There had been some worry lest this ceremony fall flat on its face. After all, the President took the oath that counted yesterday, in private, and this was merely a replay.

But Washington takes these things seriously.

At 8:45 a.m., 15 policemen were on the ready at 13th and Pennsylvania Ave. They outnumbered

the passing throng by approximately 3-1.

Then at the Capitol preparations were under way far in advance.

At 10:15 the color guard came tramp, tramp, tramping in, rehearsing. Secret Service men were patrolling the place. One high up on the Capitol, kept an eagle eye on potential wrongdoers, using binoculars, ready to sound any alarm over short wave radio.

The Marine band, in scarlet coats, was in place an hour and ten minutes early. Supernumeraries were busy nailing down carpets, passing out blankets and drying off seats that only a couple of days ago were covered with three inches of snow.

One curious note to this typical democratic proceeding: As usual, it's a mixture of the ornate and the unvarnished.

The floor of the especially built porch, for example, was covered with rich, red carpeting. Yet the benches on which the senators, representatives, diplomats and governors sat were bleacher seats that would have been ruled inadequate for a small high school stadium.

Runaway Diesel Plows Into Diner

ROCHESTER, N. Y., Jan. 21 (AP)—A New York Central System diesel locomotive, parked with its engine running, today suddenly began moving, plowed through a bumper stop and crashed into a diner.

A railroad spokesman said it was "normal operation" to park the diesel with motors running.

The diner owner, George Vesel, said he thought it was an earthquake.

Vesel estimated the diner damage at \$5,000.

Eisenhower

(Continued from Page 1)

his wife on their way back to the White House, to gaze on the beauty and pageantry of marching men and bands, color splashed floats, missiles of war, gorgeous girls, and the elephant mascot of the GOP.

The Eisenhowers and the Nixons, in separate cars, drove down to the Capitol for the ceremonial oath-taking.

The President grinned and squinted appreciatively at the sun as it found a gap in the overcast.

There were the traditional prayers by Protestant, Catholic, Jewish and Greek Orthodox clergymen. The President's own pastor, the Rev. Edward L. R. Elson, implored Almighty God to "guard, guide and empower thy servants" in this "solemn hour of dedication."

As on yesterday, Sen. William F. Knowland of California administered the oath to Nixon, Chief Justice Earl Warren to Eisenhower. And, as is the custom, the ritual for the vice president came first.

Each man rested his hand on the same Bible and at the same passage used yesterday.

With Supreme Court Clerk John T. Fey holding the Bible, the President repeated the oath after Warren in short takes.

"So help me God," Warren concluded. "So help me God," the President said, his face solemn, almost stern.

But then he broke into that well-known grin, grasped Warren's hand and said "Thank you very much."

This time, in contrast with the first Eisenhower inauguration, there were a couple of noteworthy deviations.

In 1953, Eisenhower bent down and planted a kiss on Mamie Eisenhower's cheek the instant he had been sworn in.

It appeared then that perhaps he kissed away a tear. This time—no kiss. No tears, either, although Mrs. Eisenhower was blinking hard at times.

And this time, too, there was no surprise prayer at the start of the inaugural address along lines of the one the President wrote for himself in 1953.

Crime-Fighting Group Formed By Chicagoans

CHICAGO, Jan. 21 (AP)—A dramatic new approach for deterring crime and solving hard-to-crack major cases was put into action today. A reward offer of "at least \$100,000" for solution of the October 1955 slaying of three Chicago school boys got the program started.

The offer was made by a group of prominent Chicagoans who have formed an organization known as the Crime Detection Institute.

Col. Henry Crown, Chicago business executive who owns the Empire State Building in New York, is chairman of the institute.

Circuit Judge Julius H. Miner, was named the first president. Directors include George Halas, owner of the Chicago Bears professional football team; Gen. Robert E. Wood, retired chairman of Sears Roebuck & Co., and Philip K. Wrigley, chewing gum executive and owner of the Chicago Cubs baseball team.

Miner said the institute has pledged in excess of \$100,000 for solution of the slayings of Robert Peterson, 12; John Schuessler, 12; and his brother, Anton, 11. Their strangled naked bodies were found in a forest preserve northwest of Chicago on Oct. 18, 1955. The pledges will not be collected unless the crime is solved.

Reward totaling \$33,650 had been offered in the case previously.

Frederick County Delegates Injured

WEST FRIENDSHIP, Md., Jan. 21 (AP)—Two Frederick County delegates to the General Assembly were injured tonight when their car hit the rear of a disabled house trailer parked on U.S. 40 about one mile west of this Howard County town.

Del. C. Clifton Virts, one of the two blind members of the Legislature, was admitted to Frederick Memorial Hospital with a severely lacerated nose and right knee. He also complained of pains in his right ankle and X-rays are scheduled to be taken in the morning.

Del. Charles H. Smelser, driver of the car, was treated for a laceration on the head and released.

Two Soldiers Killed In Automobile Wreck

FT. MEADE, Md., Jan. 21 (AP)—Two Army sergeants were killed and another soldier was critically hurt when their car skidded 55 feet, sheared off a utility pole and rolled over twice today.

State Police said the car was going 60 or 70 miles an hour when it hit a spot of ice on Md. 175 near Ft. Meade.

Killed were Sgt. Edward Collins of Columbia, S. C., and Sgt. H. E. Wilson of Verbena, Ala. Both 27 and assigned to the 2nd Armored Cavalry Regiment. Both were Negroes.

Critically hurt was James L. Trice, 27, of Columbia, Tenn. of the same unit. He was in the post hospital.

Shorted Siren Gives Police Wail Of A Time

BALTIMORE, Jan. 21 (AP)—Police had a wail of a time today before a short circuited air raid siren could be located and shut off.

One woman screamed into the phone: "When is the hydrogen bomb going to drop?"

Police were swamped with frantic calls as the siren wailed on in the pre-dawn.

After a half-hour search police finally found it atop a cannery, cut the wires and East Baltimoreans sagged back on their beds for a fitful 40 winks.

Carefree, Drug-Loaded Whale Lost In Dense Fog

LOS ANGELES, Jan. 21 (AP)—Somewhere in the Pacific a large gray and somewhat relaxed whale is recovering from a whale-sized jolt of tranquilizer drug-believed to be the largest one-shot dosage in medical history.

Researchers believe the whale is getting back to normal now, but for a while yesterday the old boy was probably the most happy and who-couldn't-care-less mammal in the seven seas.

In the interest of heart research, members of Operation Dumbo shot 500 milligrams of a strong tranquilizing drug into the 50-foot whale as he swam with three other pals in the choppy waters off Santa Catalina Island. The normal human dosage is 2.5 milligrams.

The "hypodermic" was a specially constructed stainless steel harpoon which discharged the drug through gas pressure.

Dr. Frank G. Nolan, Los Angeles osteopathic physician and

head of the expedition, said they had hoped to take an electrocardiogram of the whale. The huge mammal's heart beats between 10 and 15 times a minute, compared with the 70 to 80 in humans.

"By taking an electrocardiogram of a whale, we may well find something which can be reflected to cardiovascular research," Dr. Nolan said.

It was an hour before the drug took effect on the whale and he dropped out of formation with the other whales.

"That's the one we want," Dr. Nolan shouted.

The Coast Guard cutter gave chase but lost the carefree drug-loaded whale in dense fog and rain. Signed the doctor:

"There is no doubt that the drug had some effect on the whale. What, exactly, we were unable to tell."

He said the hunt was a trial run, and he plans to look off Lower California for more whales.

ICC Rate Order Hit By Railroads

BALTIMORE, Jan. 21 (AP)—The Interstate Commerce Commission was accused in court today of using the wrong guideposts in establishing equal rail rates on iron ore shipped through three Eastern ports to Midwestern mills.

The ICC, in an order last Oct. 1, scuttled Baltimore's historic advantage in railroad freight rates on shipments of imported iron ore to the Pittsburgh-Youngstown, Ohio, section. In effect, the ICC equalized the rates charged by railroads in Baltimore, Philadelphia and New York.

The Baltimore and Ohio, Western Maryland and Canton railroads, the Maryland Port Authority, the mayor and City Council of Baltimore, and a number of civic and port organizations have asked a special three-judge federal court to set aside the ICC order. They argued their case today.

New York, Philadelphia and Boston interests and the ICC will argue their sides of the appeal tomorrow.

URW Calls Boycott Against Struck Firm

AKRON, Ohio, Jan. 21 (AP)—The United Rubber Workers has called a nationwide boycott against the O'Sullivan Rubber Corp. whose 400 employees at Winchester, Va. have been on strike for eight months.

L. S. Buckmaster, president of the URW, said it was the first action of its kind in the union's 21-year history and was taken "after every possible union attempt to settle the strike honorably had failed."

Several Women Would Wed Man Without Country

VANCOUVER, B.C., Jan. 21 (AP)—Several women have offered to marry Christian George Hanna, the man without a country, in the hope that it would open the way for his entry into Canada.

Hanna is a 23-year-old "refugee from nowhere" who was kept aboard the Norwegian freighter Gudveig for 15 months until he got ashore here last week under court order for a fruitless hearing. He has no passport, no visa and no home. He says he was born on a ship of a Liberian father and a French Somali mother. He has been on the Gudveig since, he stowed away in the Near East 15 months ago.

John Taylor, one of two lawyers seeking to find refuge for Hanna in Canada, said today that at least five young women have offered to become engaged to the dark-skinned Hanna. Taylor said inquiries showed three of them to be "trivial" while the other two apparently were prompted by sincere motives. Both are his age and have jobs.

Gomulka Gets Tremendous Personal Vote

WARSAW, Poland, Jan. 21 (AP)—Wladyslaw Gomulka counted up a tremendous personal vote today in general elections that already have stoutly endorsed his policy of independent communism for Poland.

The Communist party boss who rose to power on a program of greater independence from Moscow got 99.4 per cent of the votes cast in his constituency, Warsaw's No. 3 district.

(Warsaw radio heard in London said other leaders elected included Premier Josef Cyrankiewicz, President Alexander Zawadzki, and Edward Ochab, minister of agriculture who was Gomulka's predecessor as Communist party chief.)

Sunday's parliamentary election was the first popular test for Gomulka and his followers since he took over as Communist party first secretary in October on a wave of anti-Soviet sentiment.

Senators Study Plan To Restore Historic Warship

WASHINGTON, Jan. 21 (AP)—Maryland senators are studying a proposal under which the federal government and Maryland would share the cost of restoring the famed USS Constellation.

The first warship of the U. S. Navy, launched in Baltimore in 1797 is now tied up there at Fort McHenry.

An aide to Sen. Beall said Beall and Sen. Butler, Maryland Republicans, are seeking to learn what it would cost to restore the ship. They want to get estimates before deciding whether to offer a bill to authorize matching funds, perhaps on a 50-50 basis.

The aide said one estimate said it would cost three million dollars to restore the ship.

Ky. County Will End School Segregation

OWENSBORO, Ky., Jan. 21 (AP)—The Webster County Board of Education formally notified Federal Court today it would end segregation in all schools next September.

The announcement was made in reply to a suit filed by James A. Crumlin, attorney for the National Assn. for the Advancement of Colored People, after racial trouble erupted in Webster and Union Counties last fall.

Crumlin's suit asking that Union County open its school doors to Negroes is still pending.

The Webster board asked that Crumlin's complaint be dismissed, pointing out the board "will open all of its schools to all students regardless of color or race on a voluntary basis." The term "voluntary basis" was not explained.

State Plays Big Role In Parade

WASHINGTON, Jan. 21 (AP)—Maryland took a prominent part in today's inaugural parade with a "Freedom of Worship" float and numerous bands and marching units.

The Maryland section, headed by Gov. Theodore R. McKeldin in his official car, included the marching units of the Bethesda-Chevy Chase High School Band and the Pershing Rifles of Johns Hopkins University.

The "Freedom of Worship" float was in line with the general parade theme of "liberty and strength through consent of the governed."

Ahead of the Maryland section, Naval Academy midshipmen made a major contribution with band music and smart-stepping marchers in the first division.

Maryland units also marched in other state sections. The Montgomery Blair High School Band of Silver Spring represented Idaho, while Northwestern High School Band of Hyattsville was assigned to the Minnesota section.

Orndorff Named Member Of Zoning Appeals Board

William B. Orndorff has been appointed a member of the Board of Zoning Appeals. The Mayor and Council approved his appointment yesterday for a term beginning January 16 and expiring January 15, 1960.

Council held one of its shortest sessions yesterday.

Filed was a letter from Ridge Dale Playground Association which gave unanimous support to the proposed charter amendment calling for creating a "Recreation and Parks Commission" and consolidating the two departments.

Parking meter inspector Harry M. Whisner reported collections the week of January 13 as \$654.10 compared to \$435.43 the week of January 6, an increase of \$218.67.

Warren R. Mullenax, operator of Municipal Airport, in a monthly report, said a false ceiling was installed in the quonset building, the road and office roof were repaired along with runway lights, catch basins cleaned, and cinders hauled to meet any future weather emergency.

Finance Commissioner John J. Long was absent yesterday because of a death in the family.

Henry W. Price and Carl C. Robbins, power; John W. Rollins, taxes; E. E. Solomon, minimum wages, and James L. Weeber, housing.

Members of the committee will be asked to study and later recommend policy the Cumberland chamber should adopt on the 15 major issues which are expected to come before Congress this session.

Washington Trucker Sent To County Jail

A Washington trucker was lodged in the Allegany county jail yesterday in default of fines totaling \$308.70 on four motor vehicle violations.

Trial Magistrate J. Milton Dick ordered the man committed to jail for 120 days after finding him guilty of four serious violations, including leaving the scene of an accident.

The man, Otis William Boor, 25, of 128 Eleventh Street, Washington, was apprehended by city police Saturday morning after striking an auto owned by Paul Mason on Greene Street.

Officers Edward P. Wilson and Oliver Cook arrested the man on Market Street.

Yesterday he entered a plea of guilty to three charges, and not guilty to one count.

Brotherhood Sunday Plans Are Discussed

Plans for the observance of Brotherhood Sunday, February 17, were formulated at a meeting of the Cumberland Ministerial Association yesterday at Central YMCA.

Rev. Maurice D. Robertson, president, said a sermon on a common theme will be delivered that day by ministers affiliated with the organization.

At a luncheon following the meeting, Dr. Charles Orlick, chemist in the Basic Research Group at Allegany Ballistics Laboratory, discussed plans for the establishment of a liberal arts college in Western Maryland.

Devotions at the meeting were conducted by Rev. Russell Fink, pastor of St. John's Evangelical Lutheran Church.

Rev. Streett Named Convocation Dean

Rev. David C. Streett, vicar of Holy Cross and St. Philip's Episcopal churches, has been notified by Rt. Rev. Noble C. Powell, D.D., L.L.D., bishop of Maryland, of his appointment as dean of the Convocation of Cumberland.

The Cumberland Convocation includes the 22 parishes and missions of the Episcopal Church in Allegany, Carroll, Frederick, Garrett and Washington counties. Father Streett succeeds Rev. Joseph R. Clair, former rector of St. Thomas' Church, Hancock, who resigned to become rector of Epiphany Church, Sherwood, Philadelphia. Other convocation officers are Rev. Leslee E. Schwindt, secretary, and Capt. Henry L. Howard, treasurer. Father Streett has served as vice dean and secretary.

The convocation meets twice a year, each spring and fall. Next meeting will be held Tuesday, May 14, at St. John's Church, Hagerstown, where Rev. Albert H. Lucas, D. D., former archdeacon of Maryland is rector.

Hancox, a senior history major, is a son of Mr. and Mrs. John A. Hancox. He sings tenor with the 32-voice group.

League Seeks Modification Of Gas Hike

The Inter-Community League of West Virginia, which has led the fight against a C&A Gas Company rate increase, has asked the West Virginia Public Service Commission to modify its ruling of January 12 in which it granted an increase to the company.

The League, meeting in Elkins Saturday, passed a resolution to that effect. Dr. B. L. Golden, chairman, presided. Bonn Brown, attorney for the league, said that shortly before the PSC decision, the Federal Power Commission ordered the Atlantic Seaboard Corporation to make a refund of C&A for gas used. Brown said the firm will be asked to pass this refund on to the consumers and estimated it might be several thousand dollars.

However, a gas company spokesman previously had said in referring to the gas rate situation in Maryland, that the one per cent reduction in cost of purchased gas would not reflect in the present rate schedule.

Both C&A and ASC are affiliates of Columbia Gas System.

In the West Virginia case, the company asked for a total annual increase of \$764,680 but was granted \$462,153. This means that \$297,527 temporarily collected by C&A on its annual rate base must be refunded. To this amount will be added six per cent interest.

This "temporary" rate charge is included in a bill to be introduced in the West Virginia Legislature by Sens. J. B. Chenoweth and Hans McCourt. Under the bill, the mandatory clauses would be wiped out. They now provide that if a rate case is not settled in 120 days, the gas company can put the rate schedule in effect on a temporary basis.

The bill would also change the procedure in consideration of rate cases and would further prevent the company from applying for another hike for three years after an increase has been granted. In addition, it would provide that complainants' cost in rate cases be borne by the utility.

One spokesman for the League, representing eastern-central West Virginia, said the fight was worthwhile since the company had asked a 50 per cent hike but received about 30. He said he had hoped for an even larger reduction.

Among those attending the meeting Saturday were former judge A. Jerome Bailey of Buckhannon and Harold Snyder of Keyser, who handled engineering details in the League's opposition to the rate increase.

The gas rate increase affects about 16,500 customers in Braxton, Lewis, Harrison, Upshur, Barbour, Randolph, Preston, Tucker, Grant and Mineral counties.

Kennel Club Plans Two Sanctioned Matches, Show

The Upper Potomac Valley Kennel Club outlined show activities for the year at the meeting recently in the National Guard Armory, Frostburg. They include two sanctioned matches, one in early spring in Cumberland; and the other in Frostburg, in mid-summer.

The annual All Breed Show is scheduled for September 7, and will be in Frostburg. Phillip Carolan named Mrs. Earl Smith, Lonaconing, chairman.

Mrs. Smith's committee consists of the board of directors and committee chairmen. The directors are Mr. Carolan, Mrs. Harvey Ware, Mrs. Arthur Nedder, Mrs. Harold Meek, Clifton D. Jeffries, George Miller, Harvey Ware and Melvin Wigfield. Chairmen are Mrs. Robert J. Boniece, Trophies and Awards; Walter Derlan, Tickets; George Miller, Grounds; Harvey Ware, Chief Steward; Mrs. Meek, Catalogs and Information; Mrs. Ware, Publicity; Donald Prichard, Obedience; Mr. Jeffries, Advertising; Mrs. Phillip Carolan, Hospitality; and Mrs. A. G. Sandhoff, Program.

Planning the spring Sanctioned Match, it was pointed out that it is an opportunity for beginners to learn the techniques of handling a dog in the show ring, and if the dog is a potential champion. Owners of purebred dogs are invited to bring them to the match where club members will help the novice gain experience in showing and handling. Further information may be obtained from Mrs. Smith.

A ham supper will be sponsored by Davis Memorial WSCS Thursday from 4:30 until 7 at the church, Oldtown Road.

Melvin WSCS will hold a sausage and pork supper at 5 p. m. Thursday at the church.

Secrets Of Charm by John Robert Powers

Good Looks On The "Job"

"I feel as though I'd aged 15 years in the past five," a young married woman wrote us several months ago. She has a handsome husband, two children — a 3½-year-old girl, an 11-month-old boy. A conscientious wife and mother, she had been devoting all her time and energy to the care of her home, children, husband, and their five-room house. She didn't have time for herself. She didn't have time to look at her looks, her clothes. The result? When she looked in the mirror she didn't like what she saw. She was discouraged and unhappy.

After more inquiries about her beauty routine, we made a number of suggestions. Now, instead of wearing lipstick only at night she puts it on first thing in the morning and wears it all day. She has a standing appointment once a week to have her hair shampooed and set. Her husband was happy to pay for a baby sitter. She takes time to use cleansing preparations on her face instead of just plain water. She is

proud of her hands because she used hand cream. The husband has told her how much more attractive she is. He makes a point of taking her out to dinner and movie or dancing one night each week. They are both happier.

This young wife and mother is one of 60 million women in this country. She has learned, fortunately, that women's beauty is a family concern. Beauty isn't a sign of her vanity, nor of selfishness. Actually, it is her daily responsibility to her family, to herself, to her community. And, it goes without saying, how she looks will affect how she feels. When she looks best, she is happier.

Tomorrow — Reach for the heights.

BLUE CROSS
Maryland Hospital Service, Inc.
200 W. BALTIMORE ST., BALTIMORE 1, MD.

Here is why **BLUE CROSS** alone earns the official approval of the American Hospital Association

- BLUE CROSS protects the interests of subscribers through its close association with member hospitals and local medical profession.**
Blue Cross has written agreements with member hospitals. Under these agreements, hospitals contract to furnish hospital care to Blue Cross subscribers—the hospital care needed in each case. Blue Cross, you see, puts the emphasis on hospital care, not just cash to help pay bills. Through its unique working agreements with member hospitals, Blue Cross and the hospitals work in joint responsibility to see that subscribers get the hospital care benefits they need, at the lowest possible cost.
- BLUE CROSS gives you free choice of hospital and physician.**
All forty general hospitals in Maryland are members of the Blue Cross Plan. When your physician arranges to have you admitted to one of these member hospitals, you simply show the hospital your Blue Cross membership card. Blue Cross pays the hospital direct. And, through working agreements with all Blue Cross Plans throughout the country, your Blue Cross protection goes with you when you are away from home.
- BLUE CROSS is not operated for profit!**
Sponsorship, control, and operations of Blue Cross are non-profit, in accordance with the requirements of the American Hospital Association for approval as a Blue Cross Hospital Service Plan. Overall administrative costs—the only part of income not used to pay for subscriber benefits—require currently a little over six cents out of every subscription dollar. Ninety-four cents out of every subscription dollar is used or set aside to pay subscribers' hospital expenses, another reason why Blue Cross pays so many hospital bills in full.
- BLUE CROSS benefits mean hospital care.**
The primary purpose of Blue Cross is to make available the widest possible range of hospital care benefits to as many persons as possible, at the lowest possible cost. Because Blue Cross subscription rates are based upon the actual cost of basic necessary hospital services, Blue Cross benefits mean hospital care. Membership in Blue Shield, the companion plan to Blue Cross, rounds out the protection afforded by Blue Cross. Blue Shield provides medical and surgical benefits, includes payments for consultations and obstetrical care. Blue Cross means hospital care—Blue Shield means doctor's care. Membership in both means a broad, realistic protection against the expense of sudden illnesses and accidents.

Essentially, Blue Cross is a community enterprise, organized by local business and civic leaders, and local hospitals and physicians, to provide a prepayment hospital care program for the people of each community. Today, nearly one million Marylanders enjoy the unique protection afforded by Blue Cross.

House Passes Pay Raise Bill For Jurors

W.Va. Delegates Are Unanimous

CHARLESTON, W. Va., Jan. 21.—The House of Delegates passed 98-0 today and sent to the Senate a bill to raise the pay of petit jurors in West Virginia.

The measure by Del. Rife (D-Wayne), as amended by the Judiciary Committee, would set the pay of petit jurors at not less than \$5 nor more than \$8 per day. The present range is \$2 to \$5.

In a brief session, the House also passed two other bills, both of which go to the Senate.

A measure by Del. Hubbard (R-Ohio) to lower the minimum age for making a will from 21 to 18 was approved 92-5 vote.

By an 88-10 margin, the House passed a measure to amend the law which now requires non-resident junk dealers to file with the sheriff a description of junk to be transported out of the state by truck.

The bill would extend the requirement to any person, firm or corporation.

The Senate moved four bills up to passage stage tomorrow. One of the proposals, all Senate bills would:

Provide for appointment by school boards of teachers between the second Monday of January and the first Monday of May each year, instead of on July 1, to help the boards retain old teachers and obtain new ones.

The others are minor measures. The Senate held over for an additional day on amendment stage a bill to open Public Assistance relief rolls to public inspection when a question arose over an amendment proposed by the Judiciary Committee.

The amendment would provide for filing of the relief lists in county clerks' offices for a period of two years, instead of county DPA offices as proposed in the original bill.

FSTC Dramatics Chapter Pledges 5 New Members

FROSTBURG — Kappa Xi chapter of the Alpha Psi Omega national dramatics fraternity at Frostburg State Teachers College, pledged five new members at ceremonies in Compton Hall last evening.

They are Thomas Richards, Bonnie Henson, Sara Slick, Allen Younk and Jeanette Hicks.

In charge of the pledging were the fraternity officers: Mary Catherine Maher, president; June Mowbray, recording secretary; Donald Drury, treasurer, and Ruth Schaid, vice president.

Alpha Psi Omega is the largest national college organization in any departmental field, having over 325 chapters in colleges and universities throughout the nation.

New members accepted by Kappa Xi Chapter must be members of the college's Little Theater, must have a C (1.00) or better scholastic average, and must have obtained the required number of points from Little Theater either by acting or behind-scenes activities.

Presbyterians To Sponsor Higher Education Rally

WINCHESTER, Va., — Dr. Joseph C. Robert, president of the Hampden Sydney College, Hampden Sydney, Va., will speak at a Presbytery Wide rally in the educational world today.

The financial campaign is for the immediate benefit of Hampden Sydney and Mary Baldwin colleges in which Winchester Presbytery is seeking to raise \$9,000, or approximately one dollar per member. A special committee appointed by the Synod at its last meeting is studying the needs of these colleges and how the colleges might better serve the present needs of the church.

Representatives from the 63 churches of the Presbytery in Virginia, West Virginia, Maryland and Pennsylvania are expected to attend the rally.

A special committee on higher education of which the Rev. J. Stanton Blain of Woodstock, Va., is chairman, has been set up organizing the Presbytery into four districts. Local congregations have also been organized by this

Hardy County Meeting Set

MOOREFIELD, W. Va. — Representatives of all sportsmen's clubs in Hardy County are requested to meet at Burch School tonight at 7:30 o'clock to discuss the recommendations to make to the Conservation Commission on the various game and fish seasons and the bag limits.

Ch. S. Dispanet, president of the Chestnut Ridge Hunting Club, requests representatives of all organized clubs to meet to determine the wishes of the various club so that county wide proposals may be recommended.

The Conservation Commission officials will meet with sportsmen and landowners from Hardy, Grant, Mineral, Pendleton and Hampshire counties at Petersburg at the Court House Wednesday to report on the past season and to receive recommendations from the organized clubs.

It is felt that if all clubs in the county join in making specific recommendations the Commission will give more weight to the proposals than if every club makes a different recommendation.

Keller Resigns As Church School Superintendent

HYNDMAN—Lloyd G. Keller has resigned as superintendent of the Methodist Church School after 22 years of service. His successor is Paul Evans.

Keller was honored with a fellowship breakfast in the social room of the church. During a Sunday School hour, a program was presented in behalf of his service.

Participating were the junior choir and Mary Ann Topper who offered an organ solo. An ode concerning Keller's life in Hyndman, written by May Simpson of Bath, N. Y., was read by Mrs. William H. Miller. A gift was presented to Mr. and Mrs. Keller.

Salary Raises Proposed For W.Va. Officials

Sen. Ralph Bean Introduces Bill

CHARLESTON, W. Va., Jan. 21.—The House Finance Committee amended and recommended passage today a bi-partisan measure to increase annual salaries of about 30 appointive State officials.

As it emerged from committee, the salaries would represent amounts ranging from \$1,000 to \$3,000 more than those in another bill introduced into the Senate by President Bean (D-Hardy).

Bean's measure would provide \$1,000 increases for the various department heads and board members with exception of the State Road Commissioner, whose salary would increase from \$9,000 to \$14,000 a year.

The bill amended by the House committee also was introduced into the Senate by Minority Leader Carrigan (R-Marshall).

As now before the House, the salary bill includes these proposed annual amounts for major offices:

Adjutant general, \$9,000; mines chief, \$11,000; banking commissioner, \$9,000; labor commissioner, \$11,000; State Police superintendent, \$11,000; budget director, \$11,000; veterans affairs director, \$9,000.

Employment security director, \$11,000; beer commissioner, \$9,000, and \$11,000 for all of these officers; public assistance director, purchasing director, workmen's compensation commissioner, and tax commissioner.

About 80 per cent of all successful authors have had newspaper experience and training.

Draft Registrants Must Establish Parenthood

Colonel Henry C. Stanwood, Maryland director of Selective Service, announced yesterday that effective February 1, registrants must furnish local boards with satisfactory evidence regarding parenthood in order to be considered as fathers in the sequence of selection used for filling induction calls.

This evidence must be in the possession of the registrant's own local board prior to the issuance by the local board of the order

to the registrant to report for induction. Fathers will be used to fill induction calls only after all available volunteers, and non-fathers — ages 19 to 26, have been inducted.

Colonel Stanwood also explained that in the cases of unborn children, the satisfactory evidence required must be in the form of a certificate of pregnancy obtained from a licensed physician. In cases of born children, a registrant must submit a birth certificate to his own local board and evidence that he maintains a bona fide family relationship with such child in their home.

A group from Fort Hill High School, led by Miss Mary Robb, music instructor, presented a program.

Mrs. George Eyer led the Flag Salute with Judy Dickerhoff, Mary Ann Sharer, Dianne Dunn and Bonnie Eyer taking part.

The attendance prize was won by Mrs. Mary Marple's room. Refreshments were served by the Room Mothers with Mrs. Marguerite Keller and Mrs. Mary Marple in charge.

ENLISTS IN MARINES—Ronald Leon Eversole, son of Mr. and Mrs. John G. Eversole of Potomac Park, enlisted in the US Marine Corps at the local recruiter station on January 8, and has gone to Parris Island, S. C. to begin his recruit training. He volunteered for three years, according to T. Sgt. Clifton Shotwell, local recruiter in charge of the Marine station here.

Gold and silver coins were first used by the Lydians about the Sixth Century B. C.

Woman Favors Blacktopping County Road

A letter written to the Allegany County Board of Commissioners concerning the blacktopping of Town Creek Road, off U.S. Route 40 at Flintstone, has been referred to J. Walker Chapman, supervisor of county roads.

Mrs. Marie T. Arnold sent the letter to the board asking when a remaining portion of the road is to be blacktopped. She pointed out there is an almost continuing cloud of dust during the summer when people visit the beaches located along the road.

The board also received a letter from Peter J. Carpent, past president of the Allegany County Bar Association, who said the association would appreciate it if the podium which is to be installed in the main courtroom be placed there as soon as possible.

In his letter Carpent pointed out the association requested the installation be delayed until the annual meeting of the association which was held on January 8 at which time the members present unanimously approved installation.

Some weeks ago the board approved a contract for installing the podium for the use of the attorneys. The podium will cost the county \$403.00 and will be furnished and installed by the George Construction Company.

Changes In Coin Club Laws Aired By Officers Here

Proposed changes in the by-laws of the recently-reorganized Western Maryland Coin Club were discussed at a special meeting of the club's officers Sunday at the home of John Dorn, 1106 Holland Street.

Attending, besides Dorn, program director, were Anthony J. Cioni, president; Miss Eleanor Rizer, vice president; Eugene Hopkins, treasurer, and Mrs. Angela Senkbeil, secretary.

The proposed changes will be submitted for the approval of the club's membership at a meeting Wednesday evening, February 20. An outline of the program planned for the next six months was presented by Dorn.

The officers agreed that they would recommend the appointment of a three-man board of directors, stipulating that none of the present officers were to serve on the board.

Also discussed were the issuance of membership cards, the sponsoring of auctions and securing new members.

Baltimore Man Faces Second Arrest Here

A Baltimore man forfeited \$16.45 in Trial Magistrate Court yesterday, but may still have to face charges here.

Trial Magistrate J. Milton Dick indicated yesterday that the \$16.45 bond was too small on a charge of tampering with a motor vehicle placed against Jack McDaniel, 25, of Baltimore.

Magistrate Dick said a warrant will be issued for McDaniel.

The man and two companions were apprehended Sunday by City Police Officers Clarence Valentine Jr., and William Norris as two of them were attempting to remove a tire and wheel from a local used car lot.

Pride of the Neighborhood!

It is a happy occasion indeed when a new Cadillac car first appears in the driveway of its proud and happy owner.

As you would expect, it signals the most joyful of family celebrations—and occasions the heartfelt congratulations of friends and acquaintances.

But you might be surprised to learn of the widespread rejoicing which the arrival of a new Cadillac frequently inspires.

In fact, the car invariably becomes a source of genuine pride throughout the entire neighborhood in which it resides.

The neighborhood understandably delights in having a beautiful new Cadillac to grace its streets . . . and takes great pleasure in knowing that one of its own has been able to realize the dream that lives in the hearts of so many.

And we think you might also be surprised to learn that this happy event is currently taking place in a great many neighborhoods that have never before laid claim to a Cadillac car.

For there is an ever-growing awareness that Cadillac—with all its incomparable

motoring virtues—is one of the soundest and wisest purchases a motorist can make.

From a standpoint of purchase, maintenance, operation and resale value, the car represents a truly extraordinary investment.

Surely, in view of this, you should consider a Cadillac this year.

We will be happy to put you behind the wheel for a personal demonstration at any time you find convenient.

And we will be delighted to tell you how easily and economically you can make your car . . . the pride of the neighborhood!

A quick way to improve your money I. Q.

It's surprising — money being as important as it is — how little thought so many folks give to it. Here's a profitable little test for you. See if you can answer the questions before you read the answers.

What happens when I buy common stock?

You become part-owner of a company. As an owner you can share in profits through dividends paid on your stock, and share in any company growth through increase in the value of your investment. In this way you work at one business and are part-owner of another. You can get income from another source in addition to your job — an income that can continue after you've left your job. And you don't have to be rich — two out of three shareowners have incomes under \$7500 a year.

What happens when I buy bonds?

The company owes you money. While a share of stock makes you an owner, a bond makes you a creditor. For the loan of your money, the company pays you interest — usually at a fixed rate. And most bonds carry a fixed date at which the company must pay back the face value of the bond.

What should I know about the risks in buying stocks or bonds?

Enough to take certain sensible precautions before you invest. Prices of both stocks and bonds fluctuate. A company may not pay dividends and it may not grow. So the really smart investor uses only money left over after he's paid all his bills and provided for family emergencies. He never acts on a tip or rumor but gets the facts. And he knows that a Member Firm of the New York Stock Exchange is perhaps his best aid in getting facts as well as advice.

What is the New York Stock Exchange?

It's the nation's market place where the stocks and bonds of more than 1200 of America's greatest companies are bought and sold for people like you all over the country. They place their orders with local Member Firms of the Exchange. The Exchange itself of course does not buy or sell, or set prices.

If I want to invest, where do I start?

Perhaps the best place is with our booklet "DIVIDENDS OVER THE YEARS." This lists stocks with exceptionally consistent records of dividend payment — more than 300 that have paid dividends every year for 25 years or more. It also describes the convenient Monthly Investment Plan, through which you may become part-owner of some of America's most famous corporations by investing as little as \$40 every three months — or up to \$1000 a month. Drop in at your nearest Member Firm and ask for your free copy. Their job is to help you buy or sell securities, to help you get information you need, and to help you plan a sensible investment program in keeping with your circumstances. Or if you prefer, send the coupon.

Navy Reserve Seeks WAVES

WAVES are being sought by the local Naval Reserve and February 20 has been proclaimed as WAVE Enlistment Day by LCDR. P. M. Arbogast, commanding officer of Naval Reserve Surface Division 5-9.

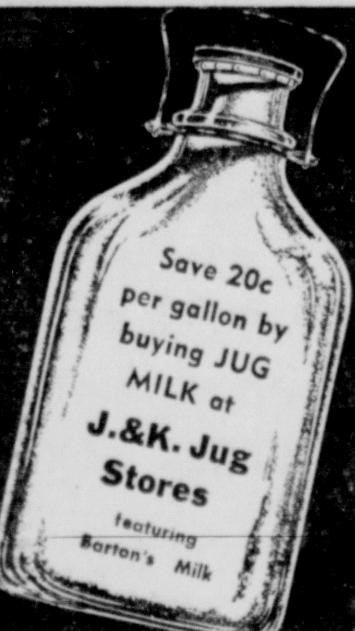

Girls interested in enlisting as a group on this date should make application now as it takes some time to process necessary papers.

All enlistees will be issued uniforms and will receive two weeks indoctrination training in June, either at Bainbridge or Great Lakes Naval Training Center.

Women enlistments are for four years and women do not incur an obligation for active duty as male applicants do. To be eligible for enlistment, a woman must be a high school graduate or GED equivalent, be between 18 and 26 years of age and unmarried with no dependents.

If under 21, parental consent for enlistment must be obtained. This division has vacancies for 18 WAVES in addition to three WAVE petty officers already attached. Inquiries can be made at the Reserve Training Center, McKaig's Hill, or at the regular Navy recruiting office.

Girl Scout Board Approves Activities

The board of directors of Cumberland Girl Scout Council met last night and reviewed a program of activity for the coming months.

The annual Brownie dinner is scheduled for March 23 at St. Mary's Hall and the annual Intermediate-Senior Scout dinner will be held March 14 at the same place. These are the annual dinners to which scouts and their parents are invited.

The annual Council dinner will be held January 31 at Central Methodist Church and the board approved invitations to several local citizens.

The board approved a plan of the camp committee to hold summer camp this year at the new camp site purchased near Flintstone. Dates and details are to be worked out.

It was also decided that a contest be arranged between the Scouts for the selection of a name for the new camp.

Local 26 Elects District 1 Delegates

The election of five delegates from Local 26, Rubber Workers Union, to the District 1, URCL-PWA convention was announced yesterday by James Stein, president.

Named delegates were Clyde O'Baker, A. E. Johnson, Stanley Zorick, John Reitmeier and Joseph Burke. A. J. Jenkins and Graydon S. Dunlap were elected alternates.

The area convention will be held in Buffalo, N. Y., late this spring.

Young Peoples Revival Opens

A Young People's Revival will be held at the Church of the Nazarene, Wiley Ford, W. Va., beginning tonight at 7:30 o'clock and continuing each evening at the same time through February 4.

Rev. and Mrs. Dayton Lockard, evangelists, will preside and there will be special music. Rev. R. C. Carpenter, pastor, said the public is invited.

Rizer To Lead Discussion Group

Richard C. Rizer, assistant superintendent of schools, will lead the discussion at a meeting of the Parent Discussion Group at Oldtown High School tonight at 7:30 o'clock.

The topic will be, "What will my child be qualified for when he finishes high school?"

Doubt Expressed On Need For House Steering Unit

ANNAPOLIS, Jan. 21 (AP)—A stumbling block seemed to have been thrown tonight into the path of a plan by the House of Delegates to establish a Democratic steering committee that would screen fiscal and other major legislation for the 1957 General Assembly.

The city delegates, biggest organized bloc in the House, voted 15-9 against the committee.

A caucus of the House's 95 Democrats on Thursday had approved the committee and was supposed to set it up tomorrow.

The Eastern Shore bloc of 26 votes and the leader of the city's 33 Democrats had called for the Thursday meeting to set up a group whose primary function was to dictate a line aimed particularly at State economy in spending.

The opposition of the powerful city delegation left the new proposal in the air.

Among those expressing doubts about the need for a steering unit was Del. Buffington (D-Balto 3d).

"The steering committee, in my opinion, is unnecessary," he said. "We have our leaders of the House and on the committees to handle the situation."

The committee idea developed from a move by some Democrats to proclaim in advance that they would try to reduce appropriations instead of raise taxes in next year's budget.

The 26-member Eastern Shore Democratic bloc issued a statement to this effect. Later shore and city leaders conferred, and this conference resulted in the calling of last week's caucus.

As the city delegates met after the weekend recess, Sen. Turnbull (D-Balto County) introduced a bill which he said would "restore" General Assembly control over wages and salaries of state employees.

The measure would prohibit the governor or the Standard Salary Board from increasing salaries beyond those approved by the Legislature in passing the budget. The governor has done this in the past by using contingency or other funds within the department for which the salary increases were sought. The salary board has ap-

proved requests by some department heads to finance salary increases from funds originally intended for other purposes.

A bill to authorize a one-day deer season for Maryland deer hunters was introduced in the House of Delegates.

The measure would give the Game and Inland Fish Commission authority to lift the ban on shooting antlerless deer for one day each year in the week immediately following the regular deer season.

Sponsors of the bill are Dels. Moore (D-Harford), Simpkins (D-Somerset) and White (D-Wicomico).

Their bill would let the commission decide whether to set the season, exactly when to set it and in which counties.

The three sponsors said they drew up the bill after receiving complaints from farmers and getting indorsement of game officials.

White said deer are so numerous on the lower Eastern Shore they have become a pest to truck farmers, damaging crops.

America Faces A Dentist Shortage

Scarcity of dentists in very serious degree is the prospect in America today. The president of the American College of Dentists asserts that not nearly enough dentists are being graduated to meet the demand for service to teeth.

Dr. Gerald D. Timmons—who is also dean of the Temple University School of Dentistry in Philadelphia—sees the need to double the number of graduates every year between now and 1971. But how, he asks, can this be done? "I don't know of a single dental school in the country today that is not being run at a deficit."

Tuition fees and other revenues do not, and cannot, meet the costs. Where, then, is the money to come from? From the leading foundations, which were set up to bypass income and inheritance taxes? Or from industry? These are sources now for aid to education in general and hospitals in particular. And surely the dental school can expect generous gifts from graduates well established in one of the more prosperous professions.

But there's another important factor besides the remedial skill of dentists in the picture that shows a growing scarcity of them. The other factor is preventive measures in the realm of public health.

Here the dental profession has proved its sense of public responsibility over and over again. It spearheads the educational effort for better home care of teeth. Especially it seeks to protect children's teeth.

These Days

By George E. Sokolsky
Red China

Those in our government who believed in 1948 or thereabouts that Red China should forthwith be recognized are still on the job. They do not call the Chinese Communists "Agrarian Reformers" as they did in an earlier period, but their recent argument has been that the Chinese Communists ought not to like the Russian Communists and that if the United States gives the Chinese Communists enough encouragement, they will split off from Soviet Russia.

Chou En-lai has given the lie to this argument in recent days when he has been travelling among the European satellites telling their leaders that for the good of the great Marxist-Leninist cause, they should all stand by the Kremlin come what will. Actually, Chou has been working for Khrushchev as against Tito and if, as is true, the Chinese Communists prefer Stalinism to the type of operation employed by Khrushchev and Bulganin, the fact is that they all drink through the same straw.

The argument, therefore, that a split between Chinese Communism and Russian Communism is likely has no basis in fact and represents wishful thinking.

Robert J. Donovan, whose book, "Eisenhower: The Inside Story," has made him the principal and most able apologist for President Eisenhower and his Administration, in a "Saturday Evening Post" article discusses this problem in three important paragraphs: "Mr. Eisenhower has long been troubled by doubts about the wisdom of endless nonrecognition of Red China. Time and again, he has sat at his desk and insisted that it is shortsighted to look at only one side of the question. Obviously, Chinese belligerence has made recognition impossible up to now. But times change, the President argues; witness the revolution in our attitude toward Germany in the last decade.

"Is it not at least worth considering, the President asks, whether the policy of nonrecognition, if continued indefinitely, might defeat the long-range interests of the United States? The point he makes is that permanent nonrecognition may encourage China in clinging to her alliance with Moscow, whereas recognition might have the eventual effect of helping to loosen this tie."

The third paragraph of this statement includes this telling sentence: "... Because of this attitude, the possibility of a material change in relations between Red China and the United States will lurk in the background of the second term ..."

Is this a trial balloon or does it forebode a recognition of Red China by the United States and a visit to this country by Chou En-lai who ordered the murder of our sons in the United Nations Police Action in Korea, and their brainwashing and brutalization after they were taken prisoners of war?

The United States did not recognize Soviet Russia from 1917 to 1933. It did the United States no particular harm not to recognize Soviet Russia; we have been in constant trouble since we recognized Soviet Russia and there is ample evidence that every term of the recognition agreements has been violated by the Russians. There is no present or foreseeable advantage in recognizing Red China—not even a trade advantage.

Donovan's statement: "... But times change, the President argues; witness the revolution in our attitude toward Germany in the last decade" does not provide a sensible comparison. The United States engaged in the European phases of World War II to rescue Great Britain, France and other countries from the imperialism of Hitler; there was no enmity toward the German people whose contributions to our own culture have been so enormous. As a matter of fact, American troops stationed in Europe seem to have preferred the Germans to all other Europeans and many of them married German wives. No similar affinity exists between Americans and Chinese.

Again, Donovan speaks of "long-range interests of the United States." It would be of value to know what they are. Are they formulated in a document? John Hay once described such interests in the "Open Door Policy" but today so many doors are closed for economic as well as political reasons. What is the present long-range policy of the United States? At one time, it was assumed that NATO represented the long-range policy of the United States, namely that this country would support its European allies and West Germany against Soviet Russia. NATO is an outgrowth of the Truman Containment policy.

It would be interesting to know what Donovan is talking about when he refers to "long-range interests."

'Couldn't Have Done Better Myself'

Soviet Seeks Solution To Economic Problems

MOSCOW

The Soviet rulers have chosen a new approach to their economic problems that Secretary of the Treasury George M. Humphrey would thoroughly understand and approve. They have given their big industrialists a greatly increased role in government.

The problems that they hope to solve in the highly interesting and significant manner have been wishfully exaggerated, as usual, in the capitals of the West.

It is true, for example, that some of the most important targets of the current five-year plan will not be fully met this year. But surely the fact that the Soviets are not producing quite as much steel as they planned, is far less important than the fact that they have added no less than four million tons to their steel capacity, bringing their annual output to the level of 49 million tons.

Again, the Soviet leaders themselves now regard the shocking housing situation here as really critical. The ferment in Eastern Europe has also forced them to forego profits they used to make, and to make commitments they cannot have enjoyed making. For these and other reasons, one can believe the reports of new gold sales in London on a scale considerably surpassing the gold sales of the period after Stalin's death.

Yet in global dimensions, the added burden imposed on the Soviet economy by this last year's events cannot greatly exceed one per cent of the massive Soviet national product. Hence the economic problem the Soviets are seeking to solve still seems considerably less interesting than the way the Soviet leaders have chosen to tackle it. After all, President Eisenhower's choice of a Cabinet dominated by big business men only repeated earlier Republican experience. But the

emergence at the summit or the local equivalents of George Humphrey is a striking new development in the Soviet Union.

The event itself has already been reported. The December meeting of the Central Committee of the Communist Party dropped Maxim Z. Saburov from the chairmanship of the Commission For Short-Term Economic Planning. Mikhail G. Pervukhin was chosen as the new head of this misleadingly named agency, which is actually the day to day high command of the whole Soviet economy. And Pervukhin was also given a conspicuously strong team to serve under him, largely composed of former deputy chairmen of the Soviet Ministerial Council.

The origins and training of Pervukhin and his team are what make this shake-up something out of the ordinary. Pervukhin himself (one of the tall men admitted to the top Soviet leadership when Stalin's death opened the way for tall men) is one of the two or three leading industrial managers in the Soviet Union. At different times, he has run the entire electrical utilities industry. Four of his new deputies are also men primarily trained as industrial managers—Kacherenko, for instance, is a construction expert, while Khranichev has a past in heavy industry.

Except for Kosygin, a consumer-goods expert, who was a member of the Politburo under Stalin, these are all relatively new faces.

Medical Research Full Of Pitfalls For Unwary

By Dr. Theodore R. Van Dellen

Many individuals awaken at night with severe pain in the rectal area. The majority have found through experience that a hot bath, enema, or the application of heat brings relief. The condition is more common when the victim is extremely fatigued, constipated, or has sat on a hard chair for a long time.

Pain has been attributed to spasm of the rectum or lower intestine. At least, this is what the famous English physician, Dr. A. H. Douthwaite blamed it on in 1928. Many of his patients encountered this type of distress. But on only one occasion was he able to examine a patient during an attack.

It was at that time he concluded that spasm was responsible and wrote of his findings. Physicians have been calling it rectal spasm ever since. Over the years, however, Dr. Douthwaite has discussed the condition with 10 physicians who were able to make an examination during the painful period.

Not one was able to substantiate his original thought on the causative factor. All found a contracted pelvic muscle that was tender to the touch. Apparently, cramping of this muscle brought on pain in the rectal area. Furthermore, pressure over this structure relieved pain.

Dr. Douthwaite told this story in a recent lecture at the Royal College of Physicians in London. The talk was published in the British Medical Journal under the heading, Pitfalls in Medicine, and is mentioned to demonstrate the fallacy of coming to conclusions based on one case.

This common error results in many dogmatic statements and opinions. It is surprising how much we take for granted just because someone else wrote about it or said it was true. We all are guilty of mistakes of this kind.

I recall a trip I made with an authority on rheumatic fever, who was to give a talk in a hospital five miles away. As we neared our destination I asked him how many people in the country had rheumatic fever. He replied, "That's a good question."

He then proceeded to make an estimate based on the prevalence of the disease in the Denver area and came up with statistics that still are quoted whenever rheumatic fever is discussed. What started as a guess has been accepted as a fact because the statement was repeated so often.

President's Choice For Successor Is Former NATO Chief Gruenther

By Drew Pearson

WASHINGTON — Who is the man whom President Eisenhower personally wants as his successor in 1960? It may be four years off, but already the politicians are pondering that question. There are three obvious candidates. But there is also a man whom politicians don't know much about who happens to be Ike's personal choice.

The three well-known candidates are: (1) Vice President Nixon, who has been running for some time; (2) Sen. William Knowland of California, who has just put himself in a better position to contest Nixon; and (3) ex-Gov. Thomas E. Dewey, who says he isn't a candidate but who probably could be persuaded. He's a man to whom Eisenhower is heavily obligated.

The man whom Ike would like to see the Republicans nominate, however, is his old Army friend, Gen. Alfred M. Gruenther.

Not even the politicians know it, but the move to nominate Gruenther has gone much further than mere personal desire. A group of Ike's closest friends in New York already have organized a quiet drive to groom Gruenther for the Presidency. They are the same men, sometimes called the "Wall Street king-makers," who helped finance the Eisenhower campaign, built his private residence at Augusta, and picked many of the key men in his Cabinet. They include Gen. Lucius Clay, head of Continental Can; Sidney Weinberg, the big

investment banker; and Bill Robinson, head of Coca-Cola.

It was through them that Gruenther was first offered a \$100,000 spot with Olin-Mathieson industries. Then when Ike's idea of putting Gruenther in the White House became known, it was decided to make him head of the Red Cross, just across the street from the White House, where he could advise with Ike, play bridge with him, and get the same buildup Herbert Hoover got in World War I as a humanitarian.

Later, when John Foster Dulles bows out of the State Department, Gruenther may replace him — though this is by no means certain. It might be politically expedient to remain with the Red Cross.

The main fact, however, is that plans are definitely in the works to groom Ike's wartime friend and former Supreme Commander of NATO as the next Republican candidate for President.

Note—General Gruenther made a great impression on European political leaders. Though they dislike military men, they liked Gruenther's civilian approach, the efforts he made to build up NATO.

His initial, and perhaps greatest, personal bond with Ike is through bridge. As an instructor at West Point, Gruenther was a crack bridge player, kept a mattress in the back of his car to sleep on while his wife drove him from New York to West Point after bridge tournaments. He was Chief of Staff to Gen. Mark Clark during the Italian campaign, is credited with organizing the Salerno landing so carefully that he played bridge below decks while the invasion took place.

North Carolina's tobacco-chewing Sen. Kerr Scott is the greatest champion of tobacco on Capitol Hill. She was operating the elevator at the 80th floor of the Empire State Building when that bomber hit the structure and cut the cables. Betty and the elevator dropped 80 stories or about 1,000 feet! Betty survived.

A New Yorker who is highly regarded as a discerning judge of horses and women, especially women, has sent us an extremely enthusiastic report regarding the pulchritude of the girls of Guadalajara, Mexico, where he is spending the winter. He rates them above the Milan, Italy, blondes, the brunettes of Seville, Spain, and the Edinburgh, Scotland, redheads. However, he fails to mention whether these Guadalupe girls are amiable and friendly to visitors to their fair city. I am checking on this angle immediately for the benefit of our bachelor clientele.

Mickey Mantle Voted Winner Of \$10,000 Jeweled Belt

Clout Champ Cops Seventh Hickok Award

Yankees' Slugger Beats Out Larsen; Patterson, Third

By MURRAY ROSE
ROCHESTER, N.Y., Jan. 21 (AP)—Mickey Mantle, baseball's grand champion of clout, tonight was named winner of the seventh annual S. Rae Hickok professional athlete of the year award and the \$10,000 diamond-studded, gold-buckled belt that goes with it.

The 25-year-old centerfielder of the New York Yankees, making a triumphal tour of the country to pick up dozens of prizes following his great season, received his valuable trophy at the annual Rochester Press-Radio Club polo fund dinner.

Larsen Runner-Up
Mantle beat out teammate Don Larsen, who hurled the perfect game in the World Series, and Floyd Patterson, who knocked out Archie Moore to become, at 21, the youngest heavyweight champion.

A nationwide panel of sports writers and sportscasters gave the mighty Mickey 66 first place votes out of 113, and 233 points on a 3-2-1 basis. Larsen was second with 31 first place votes and 152 points, and Patterson third with seven firsts and 120.

Sal Maglie, the comeback pitching star of the Brooklyn Dodgers, was fourth, followed by golfer Jackie Burke, Jr.; Bob Pettit of the pro basketball St. Louis Hawks; Frank Gifford, backfield ace of the champion New York football Giants; jockey Eddie Arca; basketball Paul Arizin, Philadelphia Warriors; jockey Willie Hartack; Brooklyn pitcher Don Newcombe, and Yankee catcher Yogi Berra.

Third Yankee To Win
Mantle became the third Yankee to win the award. Phil Rizzuto captured the inaugural prize in 1950 and Allie Reynolds in 1951. Rocky Marciano won it in 1952. Ben Hogan in 1953, Willie Mays in 1954 and footballer Otto Graham in 1955.

WINS HICKOK BELT—Mickey Mantle, left, home run hitting centerfielder of the New York Yankees, is shown at Rochester, N. Y., receiving the S. Rae Hickok jeweled belt, valued at \$10,000, as the professional athlete of the year. Making the presentation is Alvin Hickok, brother of the donor, who is out of the country. Mantle, making a triumphal tour to pick up many prizes following his great season, beat out teammate Don Larsen for the award, 233 to 152 points. (AP Photofax)

Hamey Denies Deal On Fire At This Time

Nine Are Mentioned In Possible Trade

By CHARLES CHAMBERLAIN
CHICAGO, Jan. 21 (AP)—If a nine-player trade is brewing among the Chicago Cubs, St. Louis Cardinals and Philadelphia Phils, the fire is being kept low by Phils General Manager Roy Hamey.

Hamey admitted today that he is willing to trade his ace centerfielder Richie Ashburn "if I get somebody as good or better than him in return." He added that Cub and Cardinal players mentioned in the deal wouldn't improve the Phils "and that's my sole purpose in making any trade."

Hamey went further, declaring he has not talked with either Phil Wrigley of the Cubs or Frank Lane of the Cardinals since last month and "at no time was a three-way trade broached."

"There is absolutely no deal on the fire at this time," he said.

The report of the massive player exchange could have been the Cubs' and Cardinals' way of smoking out Hamey's feelings on the matter. They know the Phils badly need help around first and second base.

The Cubs want Ashburn, a fine defensive outfielder who batted .309 last season after winning the National League batting title with .338 in 1955. The deal also would involve the return of the Phils' southpaw pitcher, Harvey Haddix (13-8), to the Cardinals.

In exchange, Philadelphia would get these players: From the Cubs—second baseman Gene Baker and first baseman Dee Fondy; from the Cardinals—rookie infielder Eddie Kasko, outfielder Whitely Lockman, pitcher Don Liddle and outfielder Bobby Del Greco or outfielder-infielder Chuck Harmon.

St. Louis also would receive utility outfielder Jim King from the Cubs via Philadelphia.

Washington Names New Grid Coach

Signs Jim Owens Of Texas A. & M.

SEATTLE, Jan. 21 (AP)—The University of Washington tonight named Jim Owens, now assistant at Texas A&M, as its new head football coach.

Owens attended Oklahoma University with Darrell Royal, whom he succeeds here. Royal left Washington after one year to become head coach at Texas.

Athletic Director George Briggs declined to disclose salary terms or length of contract.

The 30-year-old coach, taking his first job as top football man at a major institution, is married and has two small daughters.

After graduation from Oklahoma in 1950 he played for the professional Baltimore Colts. He was assistant to Paul (Bear) Bryant at Kentucky from 1951 through 1953 and the following year moved with Bryant to Texas A&M.

Cresaptown Stops St. Michael, 26-21

Cresaptown Junior High School stopped the nine-game winning streak of St. Michael's, leaders of the Fearer Memorial Basketball League, and handed the latter their first defeat of the season last night by the score of 26-21.

John Strickland and Bill Twigg with 10 points each led the winners. None of St. Michael's players score more than four points.

In the preliminary game, Cresaptown 8th Grade beat St. Michael's of the Catholic Youth League, 30-27.

Pierce Unsigned After Two Offers With Pay Boosts

CHICAGO, Jan. 21 (AP)—Contract talks between the Chicago White Sox and their 20-game winning lefthander Billy Pierce hit a snag today.

Pierce and Vice President Chuck Comiskey met today but after a short conference the pitcher left for his home in Detroit.

Comiskey said he had offered Pierce, the highest paid pitcher in White Sox history, one raise when he mailed his contract and another one today.

"He didn't say no," Comiskey said, "but he wanted to think about it. We had an amicable talk and I don't think we'll have any trouble getting together."

Pierce, the Sox first 20 game winner since Thornton Lee in 1941, had a 20-9 record last season.

Dickens Signs Four-Year Pact

INDIANAPOLIS, Jan. 21 (AP)—Phil Dickens of Wyoming's undefeated Cowboys signed a four-year contract today to try to revive Indiana University's sagging football fortunes and fill a projected 56,000-seat stadium.

It didn't say anything about that in the \$15,000-a-year contract, but the former University of Tennessee tailback told a press conference that "I realize it's a tremendous job."

The 42-year-old coach who has a record of 69 victories, 27 defeats and eight ties in eight years at Wyoming and Wofford, succeeds Bernie Crimmins, former Notre Dame backfield coach who quit last fall.

Garrison Finish Enables Tigers To Make Series Sweep

KEYSER, Jan. 21 (AP)—Salem College's Tigers put on a garrison finish tonight to defeat Potomac State College's Catamounts in a West Virginia Intercollegiate Conference basketball game by the score of 91-85.

Potomac held a 10-point lead at one time in the first half and was out in front by 46-42 at intermission. The Tigers caught the locals at 56-40 on two foul goals by Ray Trinica. Dave Corsini's basket knotted the count at 72-72 and after Ellsworth Lambert's fielder tied it up again at 74-74 Strassner's goal put Coach Clement Clower's quint ahead to stay. Salem scored 15 points in the closing minutes of play to bag its fifth victory against 11 losses. The Tigers have won five and lost nine in the conference.

Suffer Ninth Loss
The Catamounts suffered their ninth defeat in 12 outings and have won three and lost nine in the WVIC.

Salem made a sweep of the series, having copped the opener by the score of 95-85.

Ernie Core, Potomac State forward from Morgantown, was the game's high scorer with 29 points on nine field goals and 11 conversions in 14 tries at the charity line. Dave Corsini paced Salem's attack with nine baskets and 9-12 fouls for a total of 27 markers. Burkhammer scored 17 points for the winners.

Sink 62 Of 79 Foul Shots
Salem outscored Potomac 31 to 26 in field goals. Both teams turned in exceptional foul shooting performances. The Catamounts sank 33 of 42 shots for an average of .786 while the Tigers meshed 29 of 37 for .784.

Fairmont State's Falcons lead the conference race with a 10-1 record. West Virginia Tech is runner-up with nine wins and one loss. Lineups:

Roberts Signs 10th Contract With Phillies

Slight Pay Cut Given Slab Ace

PHILADELPHIA, Jan. 21 (AP)—Robin Roberts, the righthander who has won more baseball games than any other Philadelphia Phillie hurler but Grover Cleveland Alexander, today signed for his 10th season with the National League club—for less money.

Roberts said he had taken a slight cut over the \$50,000 he reportedly got last year.

Roberts had a "bad year" in 1956, winning 19 while losing 18. He had topped the 20-victory mark for six straight years before that.

Roberts, who has won 179 major league games, all in a Philadelphia uniform, has an excellent chance to top Alexander's 190-victory mark in the coming season.

Fort Hill's Sentinels and LaSalle Explorers come to grips tonight in the second game of the series involving three schools in the annual race for the city basketball championship.

SS. Peter and Paul gym, LaSalle's home court, is the scene of action which is scheduled to get under way at 8 o'clock.

LaSalle has had its ups and downs thus far and shows a 6-5 record. Fort Hill has found the going the roughest in many years and has won only two out of 10 games, including a 1-8 mark against scholastic opposition.

Class 42nd Time
This will be the forty-second game of the series that was inaugurated in 1937. Fort Hill has won 22 games and LaSalle 19. Last season Fort Hill dropped the opener on its home court, 58-53, but came back later and dumped LaSalle on the Fayette Street floor, 74-64.

While the records of the teams are nothing to shout about, the game could be a close one.

Allegheny High's defending champions got away to a flying start in the city race last Friday by thumping Fort Hill to the tune of 71 to 50.

Keyser At Allegheny
The Campers play host to John Shelton's Keyser High quint at Campobello tonight and the Mineral Counties teams would like to square accounts with the Campers for a 70-63 licking they received in the series opener on their home floor.

Coach Gene Shaw's outfit will be putting a 13-game home floor winning streak on the line in this one. Allegheny's record for the campaign to date is 10-1 while the Keyserites are hitting an even 50-50 with five wins and five losses. Since the loss at Frederick on December 21 the Campobello aggregation has reeled off seven wins in a row.

Piedmont Seeks Sweep
Three Tuesday night games in the Potomac Valley Conference are headed by the battle between Ridgeley's Blackhaws and Piedmont's Lions, who own a 7-0 record in the league, including a 48-39 decision over Coach Tom C'Connor's Blackhaws who are 6-6 for the season and 4-4 in the PVC. Piedmont's overall mark is 8-2.

Romney High's Pioneers are at Fort Ashby and Circleville visits Petersburg for other contests in the Valley loop.

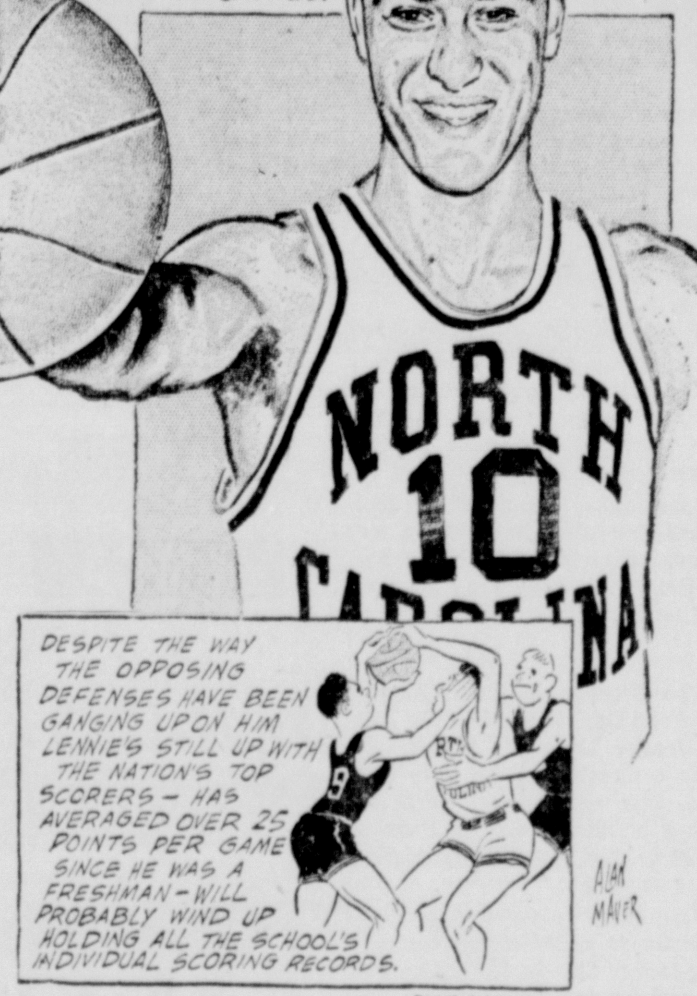

Knights Seek Tenth
Coach John Meyers' Valley High Black Knights will be shooting for their tenth victory in 13 outings when they engage Elk Garden High School which brings a seven-game winning streak and an 8-4 record to Lonaconing tonight.

Bruce High will be striving to break a three-game losing streak when it collides with the High-

landers of Southern High School, Oakland, on the Westernport court. The Garrett Countians have dropped nine in a row since winning their season opener. One of the losses was dealt out by Bruce and the score was 63-48.

Huskies On The Beam
Coach Libburn Brown's Northern High Huskies, who got off to a bad start by losing three games, have bagged their last three and now own a 6-5 mark as they square off with Bruceton Mills High of Preston county tonight on the Garrett county court.

Mt. Savage High School's Indians figure to beat the Alumni and this win would give Coach Johnny Thomas' quint a 5-5 mark for the season. On the same program, "Stony" Jackson's Flintstone Aggies face the Mt. Savage Jayvees.

In nearby West Virginia, Moorefield's Yellow Jackets visit Greenbank, Sanders High of Moorefield is at Franklin, Hancock at Berkeley Springs, Hedgesville at Capon Bridge and Tunnelton at Bayard.

Frederick High, rudely jolted by Martinsburg Friday night, hosts Westminster High, and the Bedford High Bisons entertain Portage in other games on tonight's slate.

GREEN BAY, Wis., Jan. 21 (AP)—Earl Klapstein resigned today as chief scout and defensive line coach of the Green Bay Packers of the National Football League to become director of physical education and head football coach at Cerritos, Calif., Junior College.

Klapstein, 34, said the college is under construction and will open in September. He had been with the Packers for a year.

North Carolina Passes Kansas In AP Cage Poll

Tarheels Take 15 In Row; Iowa State Moves Up To 3rd

By HUGH FULLERTON JR.
The Associated Press

Without resorting to racehorses basketball, the Tarheels of North Carolina made a runaway today of the seventh weekly Associated Press basketball ranking poll of the season.

It took only one slight stumble on the part of Kansas to give North Carolina the top ranking. Still undefeated at this stage, Carolina's "Canarsie Confederates"—their coach and several players hail from Brooklyn—were pushing Kansas hard all season.

Win 15 Straight
When Iowa State stopped Kansas' Wilt Chamberlain last week and won 39-37, that changed the picture. Carolina won its only game from North Carolina State 83-57 and made it 15 straight for the season. Kansas has a 12-1 record.

In the weekly AP poll of sports writers and broadcasters North Carolina was first on 79 of 120 ballots and piled up 1,109 points. The point scoring was on the basis of 10 for each first place vote, nine for second, etc.

Kansas drew nine first place votes and 928 points to hold second place. Iowa State, which moved up from ninth to third place, received eight first and 682 points.

Southern Methodist slid to sixth and Kentucky from fourth to fifth as each lost once last week. UCLA, Seattle and Illinois each dropped back one place in the rankings and Vanderbilt, breaking even in two games, lost its place in the top 10.

Bradley Moves Up
Bradley's Brayes, who marked up a couple of impressive Missouri Valley Conference victories, took over 10th place, edging Wake Forest, which was idle last week.

Both North Carolina and Kansas will be idle this week due to mid-year examinations, and the only major tussles involving the top ranking teams are Kansas vs. Missouri Thursday and Louisville-Daunt, Kentucky-Vanderbilt and Illinois-Notre Dame on Saturday.

The top teams with first place votes in parentheses:

1. North Carolina (79) 1,109
2. Kansas (9) 928
3. Iowa State (8) 682
4. Louisville (7) 636
5. Kentucky (2) 549
6. Southern Methodist (1) 475
7. UCLA (1) 403
8. Seattle (5) 287
9. Illinois 270
10. Bradley (3) 178
11. Wake Forest 176
12. Ohio State (1) 170
13. Vanderbilt 128
14. Canisius 86
15. Duke 77
16. Oklahoma City 73
17. West Virginia 69
18. Tulane (1) 47
19. California 46
20. Western Kentucky 45

One first place vote each for Syracuse, St. Peters (Jersey City) and West Virginia Tech.

Mountain Top And Fort Hill Riflemen Win

Hercules, LaVale Lose In League

WESTERN MD. RIFLE LEAGUE	W	L
Mountain Top	8	2
Hercules	7	3
Fort Hill	5	5
LaVale	0	10

Mountain Top clobbered Hercules, 1147 to 1135, in Sunday afternoon's Western Maryland League rifle match held at Oakland and Bowman's Addition. Fort Hill downed LaVale, 1093 to 543.

The Mountain Top win put the Oaklanders one match in front of rival Hercules in the league standings, eight victories to seven. Bob Cain's 292 powered the Garrett County crew at Oakland. High score for the losers at Bowman's Addition was Cliff Hitchens' 287.

Norm White's 287 tally paced Fort Hill gunners as they posted their fifth win of the season at Bowman's Addition. Marshall Sowers' 274 headed LaVale's short team.

All entry fees of the match will be forwarded to the National Rifle Association, Washington, D. C., marked for their building fund. The NRA has almost completed construction on a new \$800,000 headquarters building on Scott Circle in the capital.

Charlie Havens Resigns Western Maryland Post

Served As Coach, Athletic Director Since 1935 Season

WESTMINSTER, Md., Jan. 21 (AP)—Charlie Havens, head coach and athletic director at Western Maryland College since 1935, resigned today.

His resignation was announced by Dr. Lowell S. Ensor, president of the college.

The college hasn't acted on a successor to Havens, Dr. Ensor said. A screening of candidates will be conducted soon.

Havens was one of the schools' greatest football players in 1923-30. During this period he was a nominee for the All-Maryland eleven.

After graduation Havens played one year of professional football with the old Philadelphia Yellowjackets. He later coached around Rome, N. Y., before returning to Western Maryland in 1934 as an assistant coach.

Havens said he tried to resign a year ago but retained his position for this year "as a favor."

He said he has no plans for the future.

The whole world has its eye on the plight of the Hungarian people. There were collections being taken up in Australia, Singapore, Bangkok, Hong Kong, Tokyo and Honolulu when I came through there last month. There was warmth and affection everywhere for these people, and bravos everywhere for the way in which the people of the U. S. have pitched in to render aid. To beat these desperate people back from escape hatches at this stage of the humanitarian work, because here and there might be a decoy, would chill the heart of the free world and make us resemble a lion fearing a mouse.

There is urgent need for much more immediate aid, comfort and hospitality at the border. The Hilton hotels and Pan American World Airways are doing something constructive about it, and other organizations and transportation media might well follow suit. Hilton people packed up seven tons of food, clothing, blankets, soap and other necessities at the Waldorf, the Statler and the Plaza in New York. Pan Am, which flew the defected Hungarian Olympic athletes back from Australia, will fly the manna to Vienna in one DC7C. Let's make it another Berlin airlift!

At that, colds cost the nation \$250,000,000 in lost wages each year, leading pill company statisticians swear. They add, resignedly, "there is no positive way to prevent colds, other than trying a transparent plastic bag tightly around the neck." A transparent bag apparently is called for the cold preventer smother.

Other "weeks" upcoming: Large Size Week, which naturally lasts ten days; National Television Servicemen's Week, Better Bedding Month (May), National Canned Hamburger Month (also May), National Fun Day (get set folks for massive chuckles on April 26), National Cage Bird Week, National Can Opener Week (beginning on my birthday, ominously enough) and Rock 'n' Roll Week, September 16 to 21—an admirable time to leave the country.

VIENNA, Austria, Jan. 21 (AP)—Radio Prague said yesterday a man whose father is serving a 20-year prison term on charges of spying for the United States has been arrested on similar charges.

The broadcast said Bohumil Macek, a Czech national, crossed into Czechoslovakia from Austria with the aim of establishing a military espionage ring in the Bratislava area. His father, the broadcast said, was sent to a Czech jail as a spy in 1945.

Keeping Up With Hollywood

by Louella Parsons

HOLLYWOOD, Jan. 21 (INS)—I was talking to Arthur Freed a few days ago and he told me he had been on the long distance telephone with Maurice Chevalier asking him to play the uncle in "Gigi." I asked Arthur about Leslie Caron, who played "Gigi" on the stage in Paris and who has a commitment with MGM.

Arthur said she's a possibility, but nothing is definite. Leslie has her baby in April and unless she insists upon remaining in Paris with her husband, she can't be ruled out.

Alan Lerner, whose "My Fair Lady" is the all-time high in success, is in town to start working on "Gigi" for early summer production.

VALUABLE PROVEN
FRANCHISE OFFERED

Over 15 years ago our equipment
was developed and sold for profes-
sional use. In 1956 we made our
equipment available to public for
use in homes, offices, etc. In so
doing we created a new industry.
Public acceptance justified this
change, and sales jumped from
\$100,000 in 1950 to \$200,000 last
year.

To assist our dealers in securing
leads and increasing volume,
within one year, \$100,000 being
spent on publicity and advertising.
This expensive advertising cam-
paign, has thousands of people
waiting for someone to call on
this in area.

This is a complete new electric
appliance that has no installation
problems, no stock problems and
no repair problems. Our equipment
is fully covered by patents and
very non-competitive.

We are prepared to render every
assistance necessary to insure
your success.

If you feel you have the ability
to organize a sales force; also,
have financial resources for neces-
sary stock, then write and let us
prove we have available a fran-
chise that can make you financially
independent for life.

Rawlings Boy Convicted Of Manslaughter

Jury Recommends
Leniency In Case

Melvin G. "Johnny" Gordon, 15-year-old Rawlings boy, yesterday was found guilty of manslaughter in the fatal shooting last November 2 of his 49-year-old father, but the Allegany County Circuit Court jury which deliberated more than an hour recommended leniency.

Simeon T. Wilson, foreman of the jury of nine men and three women announced the verdict about 3:50 p.m. yesterday.

The conviction carries with it a possible sentence of one to 10 years but Associate Judge Morgan C. Harris, who presided, asked for a report from the State Department of Parole and Probation before passing sentence.

Shot In Neck

Jacob Donald Gordon was shot in the neck with a .22 calibre rifle at his home during what police said was a family squabble. He was pronounced dead upon arrival at a hospital in Cumberland.

Eight witnesses were heard in the day-long trial during which the defendant testified that he was afraid and feared for the life of his mother and himself when he picked up the rifle and fired.

Young Gordon, who has been lodged in the County Jail here since November 30, testified that his father had beaten him and flicked two cigarettes onto his bare chest before the shooting.

Frederick H. Flanagan, a neighbor of the Gordons, took the witness stand to state that several months before the shooting he heard the boy say, "I'm gonna kill that old xxxxx one of these days." Gordon denied ever having made any such statement.

Drove Recklessly

The boy's mother, Mrs. Alberta Gordon, who sat beside her son through the trial, testified that her husband had been drinking the day of the shooting. He picked her up in Cumberland about 5:30 p.m. November 27 and drove recklessly on McMillen Highway to their one-story dwelling.

During a drunken rage he practically wrecked the kitchen and threw a kettle of water on her, Mrs. Gordon testified. She pushed him out the back door but he attempted to come in the front door while brandishing a poker. He had threatened to kill both his wife and his son, Mrs. Gordon asserted.

Other witnesses were Dr. H. V. Deming, deputy county medical examiner; County Investigator Edwin R. Lilly, who told the jury that the deceased had no left arm; Wilbert P. Gordon, brother of the dead man; Saylor Wampler and Susie Bobo, both Rawlings neighbors of the Gordon family.

State's Attorney Paul M. Fletcher and his assistant, James S. Getty, presented the state's case while Edward J. Ryan was the defense attorney.

Flood Control Items Studied

Representatives of the Corps of Engineers and the City of Cumberland held a lengthy meeting yesterday in City Hall going over work done toward the flood control project for which the city is asking financial consideration.

Street Commissioner William M. Buchholz said the Army Engineer representatives studied the city claims, item by item, and will report back to officials of Washington District, Corps of Engineers.

Rex E. Dexter, resident engineer, and E. E. Donaldson, who held the same post in the early stages of the work, represented the Corps, while C. R. Nuzum, city engineer; Thomas B. Finan, city attorney, and Mr. Buchholz represented the city.

The reports submitted as a result of the meeting, Commissioner Buchholz said, will be used at a joint meeting of the city and Corps of Engineers to be arranged by U. S. Senator J. Glenn Beall.

Local 1874 Election Off To Good Start

Balloting was reported slightly above normal as the annual election of Local 1874, Textile Workers Union, began yesterday.

Election officials said the heaviest balloting usually comes on the second and third days.

Some 2,400 members of the union are eligible to cast ballots, according to John G. Kreitzburg, chairman of the election committee.

Deaths

Anderson, Roy, 69, Frostburg, Md., died yesterday at his home, 1111 N. Main St., after a long illness.

Gross, Mrs. Bridget, 71, Turtle Creek, Pa., formerly of Mt. Savage, died yesterday.

Howell, John J., 80, of Frostburg, died yesterday.

Leasure, Mrs. C. Edward, 75, of RD 1, Arundel, Pa., died yesterday.

Some Comes Back: State, Federal Receipts For County \$4,439,365

Allegany County and its subdivisions received \$4,439,365.44 through the distribution of state and federal funds during the fiscal year which ended June 30, 1956, according to the report of J. Millard Tawes, comptroller of the treasury.

WILLIAM A. WILSON

W. A. Wilson Heads County Heart Campaign

Named To Organize
Area Communities

The chairman of the Heart Fund drive, for the Allegany-Garrett Heart Association, James W. Bishop has announced the appointment of William A. Wilson, Midland, as county chairman.

Mr. Bishop explained it will be Mr. Wilson's duty to appoint leaders in each community outside of Cumberland, and to assist in organizing the fund campaign throughout the county. The quota for the two-county effort this year is \$16,015.

Mr. Wilson has long been identified with business, civic and public affairs in this county. He is secretary-treasurer of the Cumberland Office Supply Company; is a member of the Allegany County Board of Election Supervisors; and is treasurer of the Maryland Firemen's Association.

A native of Cumberland who graduated at Pennsylvania Avenue High School in 1931, Mr. Wilson has lived in Midland for a number of years. There, he became interested in the work of the volunteer fire company, held numerous offices in the company and served as fire chief several years. Later, he held various offices in the Allegany-Garrett Firemen's Association and several years ago was elevated to the office of state treasurer.

He is also remembered here as a former clerk in the office of the clerk of court of Allegany County. Mr. Wilson is married and the father of three daughters.

He said last night progress is being made in the organization of the campaign for the Heart fund, and community chairmen are being named in each town and area of the county. Mr. Wilson, a member of the board of directors of the Heart Association, said that as more people are informed of the work the association is doing, and of the growing demand for services in this health field, there should be no difficulty in raising the amount of money needed to continue the program.

Post Observes VFW Week

Henry Hart Post 1411, Veterans of Foreign Wars, is joining area VFW posts as well as posts across the nation in observing National VFW Week this week.

Guy C. Smith, commander of the local post, said last night the theme of this year's observance is "Honoring the Dead by Serving the Living."

Climaxing activities at the local post will be a dance Saturday night from 9 p. m. to midnight, and an invitation is extended to the public. Music for the dance will be provided by the Rudy and Pat Duo. Admission is free.

Proceeds of the dance will be turned over to the current March of Dimes drive against polio.

"Open house" will be observed all day Saturday at the Post Home.

Credit Meeting Set

The annual meeting of the CCSAC Federal Credit Union will be held Thursday at 8 p. m. in City Hall Auditorium, according to Commissioner William H. Buchholz, president. Business will include the annual election of officers.

Optimists Will Meet

The Wednesday meeting of the Optimist Club of Cumberland will be held at 6:15 p. m. at Ali Ghan Shrine City Club. The program is planned for members and their wives and guests.

United Fund Report Set For Feb. 5

County Leaders
Will Be Invited

A report on the advisability of establishing a United Fund in this area will be presented at a meeting to be held Tuesday, February 5, at 7:30 p. m., in the Allegany County Court House.

Invitations will be extended to the 50-member citizens group which is considering the proposal, and to civic leaders of all communities of Allegany County.

Plans for the joint session were announced last night as the Executive Committee of the United Fund study group met in the Fort Cumberland Hotel to hear three committee reports.

William R. Carscaden, chairman, said the reports will be printed and mailed to Executive Committee members for suggestions and then adopted on the basis of the committee advice.

Reports On UF

A report on United Fund operations in a city of comparable size to Cumberland was presented by Dr. W. Royce Hodges, who flew to Williamsport, Pa., recently with Mr. Carscaden to learn details of the Lycoming United Fund.

The United Fund there was organized for the first time last year with a goal of \$446,000. Raised was \$457,000, or 2 1/2 times as much as had been raised in a Chest campaign in that city which had a population of 45,047 in 1950.

The Lycoming United Fund, he said, is an "organization of givers organized by givers" as a county organization, and was set up without knowing whether the Chest would come in.

Chest Committed

The Cumberland Community Chest, which set the current study in motion, is committed to join a United Fund if one is set up as a result of the study.

Dr. Hodges said the Lycoming fund is administered by a full-time executive director and that campaign and administration cost about \$32,869.

Citizens of Williamsport, Mr. Carscaden reported, are very proud of their United Fund.

Dr. Charles L. Kopp, president of the Community Chest, reported on investigations made by a committee which included Mrs. Harry Beneman and James Stein, on 1956 fund drives held in Allegany County.

All health and welfare campaigns, he reported, brought in \$262,871. This included the \$151,064 raised by the Cumberland Community Chest.

He said the committee estimated a United Fund would have to set a goal of about \$250,000 if it were to represent all agencies.

Dr. Kopp also presented a report on the attitudes of national fund raising groups on participation in a United Fund.

Urge County UF

Dr. Lillian C. Compton reported on work of a committee which studied the problems which might be encountered if the United Fund were to be organized on a county-wide basis.

Executive Committee members generally agreed the United Fund should be county-wide.

A United Fund must be county-wide, said J. Kenneth Morgan, representing the Celanese fund, and Mrs. Beneman said flatly the Red Cross could not come in unless it is a county unit.

The allocation of funds raised in the plants would be no problem, assured A. E. Johnson, representing the Kelly-Springfield fund. He said the committee which now allocates funds would turn it over to a county-wide United Fund.

Friendsville Man Named To Board

F. F. Garletts of Friendsville in Garrett County is one of five new county farm bureau presidents who have been confirmed by the Maryland Farm Bureau board of directors as state directors.

Officers of the State Farm Bureau are W. A. Cooksey, Charles County, president; C. E. Wise Jr., Baltimore, executive secretary; Randall Spoorlein, Carroll County; C. T. Dean, Caroline County, and John Shockley, Worcester County, vice presidents.

Former Grantsville Man To Retire From duPont

William G. Keller, special assistant to the manager of the duPont Company's general legal division, was honored January 18 at a reception in Wilmington, Del., in recognition of his retirement at the end of this month.

Mr. Keller, a native of Grantsville, spent his youth in this area. He is a son of the late Dr. and Mrs. C. G. Keller of Grantsville, and a brother, Charles O. Keller, still resides there.

His father was a prominent dentist in Garrett County for many years and his mother was a daughter of William Reed Getty, former state senator from Garrett County.

Mr. Keller will complete a career with the duPont Company which began in 1916 when he started as an assistant in the chemical department following his graduation from Washington College in Chestertown. He received

Spring-Like Weather To Continue

Suddenly it's spring.

The weather yesterday afternoon seemed to good to be true, although a glance at the thermometer proved the mercury soared to the high 50s.

And today the weatherman promises more of the same, with continued balmy temperatures in the low 60s. Some rain was expected overnight in the area.

Early yesterday temperatures dropped to the freezing mark and there was a thin skim of ice on sidewalks after a light drizzle fell Sunday night.

Robert R. Golden, official weather observer here, said last night that yesterday's break in the weather was a usual January "thaw." He noted that during Januarys of past years there has been warmer weather.

For instance, on January 15, 1953 it was 62 degrees; 70 degrees on the same date in 1952; 72 degrees on the 20th of January 1951; and a "torrid" temperature of 79 degrees on January 25, 1950.

Getting to the chilly side of the ledger, Golden said that back in 1913 on January 21 the temperature reading was 18 below zero.

The official high yesterday afternoon was 57 degrees, with a low reading of 32 degrees.

Elkins Pilot Dies In Crash In France

The U. S. Air Force announced yesterday that Lt. John L. Galford, 24, of 20 Buffalo Street, Elkins, W. Va., was killed in a jet crash over the weekend.

Galford's plane cracked up Saturday on a ferrying mission from Stansted, England, to Rome. His plane, an F8E, crashed on a plowed field near Etain Air Base, France.

The West Virginian had been in the Air Force since his graduation from West Virginia University 3 1/2 years ago. He received an ROTC commission and later took flight training in the Air Force.

Lt. Galford was assigned to duty in Ramstein, Germany, last December and had been stationed in England since early this month on temporary duty ferrying planes across the continent of Europe.

His widow, Mrs. Marilyn Cook Galford, said last night she received the telegram notifying her of her husband's death only yesterday. She had been awaiting a port call preparatory to joining Lt. Galford in Germany.

A son of Mrs. Ruth McLaughlin, Lt. Galford also is survived by a daughter, Kimberly Ann, 13 months old, and 11 brothers and sisters.

Mrs. Galford is at present residing with her parents, Mr. and Mrs. L. L. Cook of Elkins. Mrs. McLaughlin lives at Huntersville, W. Va.

The family has made no funeral arrangements pending more complete details.

Concessions To Join Navy Are Outlined

As a result of a large number of men re-enlisting in the Navy, ex-servicemen of that branch are eligible for immediate high-cash bonuses, according to Louis W. Knott, petty officer in charge of the local Navy Recruiting office.

Not only has the Navy Department authorized the payment of advance travel pay to the duty station (in private car or otherwise) but is now affording the Navy man who desires to continue a Naval career his choice of the Atlantic or Pacific coast with 30 days advance leave.

The servicemen's family has increased financial protection in that allowances are advanced for men with dependents. The outstanding program allows servicemen in 62 ratings to return with the rate held at the time of discharge—even though two years have elapsed.

Further information may be obtained by contacting the local recruiter in the Post Office Building.

Twins Join Navy

Glenn Edwin (left) and Gene Edward Thrasher, twin sons of Mr. and Mrs. Paul L. Thrasher, 30 Pennsylvania Avenue, have joined the Navy for four-year terms as high school seaman recruits, and are taking recruit training at Bainbridge. The twins have three brothers who have served in the Navy. They are Charles, who joined in 1952, served as a disbursing clerk, third class, and is now a student at Potomac State College; Richard and Evers, who enlisted together in 1952 and served as hospital corpsmen. Richard completed his enlistment and now resides here with his parents, and Evers has re-enlisted and is aboard the USS Cacapon at Long Beach, Calif. Another brother, Paul, served in the Army during World War II.

Allegany Co. Natives Take Active Part In Inaugural

Natives of Allegany County took a very prominent part in yesterday's Inaugural ceremonies at Washington when President Dwight D. Eisenhower took the oath of office for his second term.

A former Cumberlander, John T. "Jack" Fey, participated in Ike's swearing-in as he held the Bible while the President reaffirmed his oath of office. Mr. Fey, as clerk of the U. S. Supreme Court, held the Bible as Chief Justice Earl Warren administered the oath.

Shortly after the President was sworn in the public ceremonies were closed by the benediction pronounced by Edward Cardinal Mooney, a native of Mt. Savage, and present Roman Catholic Archbishop of Detroit, Mich.

Cardinal Mooney, who was elevated to his present office in 1946, was born at Mt. Savage on May 9, 1882. His service includes 11 years abroad in Italy, India and Japan since his ordination at Rome in 1909.

Cardinal Mooney spent his boyhood in Youngstown, Ohio, and after receiving his bachelor of Arts degree at St. Mary's Seminary in Baltimore he was ordained April 10, 1909.

In 1922 he was designated apostolic delegate to India by Pope Pius XI, and was the first American ever to hold this position as personal envoy of the Pope. He was installed in 1937 as the first archbishop of the state of Michigan, and became Edward Cardinal Mooney in February 1946.

Mr. Fey, who practiced law in Cumberland for a number of years, was formerly attorney to the Board of Allegany County Commissioners. He is a graduate of Allegany High School, class of 1935, and also was a member of the Allegany County delegation to the Maryland House of Delegates.

Mr. Fey was dean of the George Washington University Law School prior to being named to the Supreme Court position. He served in World War II and formerly commanded the local Marine Reserve unit here.

Appearing in the Inaugural parade for the first time was the new Air Force Academy band of which Donald Paye, a graduate of Allegany High School, is a member.

Three troopers from the State Police barracks at LaVale were assigned to assist at the Presidential Inauguration. They were Troopers R. D. Wolford, Carlton Lewis and Willis Foreman.

Tax Exemption Freeze Opposed

Citing the loss of revenue which might result, Council members yesterday asked Mayor Roy W. Eves to protest for the City of Cumberland the passage of Senate Bill 58.

The measure, introduced by Senator Phipps, would require approval by the General Assembly before city or county property tax exemptions on manufacturers' machinery or inventories could be rescinded or modified.

Mayor Eves said the city's protest will be forwarded to Allegany County legislators and that he will report the city's stand when the Council of the Maryland Municipal League meets with the Legislative Council today at 4:30 p. m. in Annapolis.

The legislation, according to Arthur B. Gibson, city auditor, could result in a considerable tax loss for the city and affect the tax rate.

Kiwanians To Hear Football Coach

Members of Cumberland Kiwanis Club will have Tommy Mont, head football coach at the University of Maryland, as their guest speaker at their Thursday luncheon in Central YMCA.

William H. Johnson, president, will present a report on the district Kiwanis conference held last week in Richmond, Va. Mr. Johnson and William J. Edwards, club secretary, represented the local club at the conference.

Man Denies Money Order Embezzlement

Trial Continues
This Morning

Stanley Lee Sines, 28, of Baltimore, a former local resident, took the witness stand in Allegany County Circuit Court yesterday afternoon to deny that he ever embezzled a \$100 money order belonging to the woman who at that time was his landlady.

The trial of Sines, before Associate Judge Morgan C. Harris without a jury, was recessed shortly before 4 p. m. yesterday until 9:15 a. m. today.

The recess occurred after Thomas N. Berry, Sines' attorney, had completed his direct examination of Sines but before State's Attorney Paul M. Fletcher could begin his cross-examination.

Placed In Envelope

Mrs. J. R. Winders of LaVale, the first state witness, testified that in the fall of 1955 her husband, who at that time was working for a contractor in Hamburg, N. Y., sent her a \$100 money order. She said she endorsed it and placed it in an envelope addressed to the Liberty Trust Company for deposit to her account. She added that she asked Sines to mail this along with some other letters, but it never was credited to her account.

A tracer disclosed that the money order had been cashed at the First National Bank here and had been endorsed by one Robert E. Growden. The money order bearing a cancellation stamp in October 1955 by the First National Bank was introduced as evidence.

The next witness was Robert E. Growden, 29, Bedford Road, a messenger at Allegany Ballistics Laboratory. He testified that Sines gave him the money order in a large brown envelope at ABL and asked him to cash it while he was in town. Growden added that he got Mrs. Dorothy Swach, a teller at the First National Bank, to cash the money order after he added his endorsement.

He said Sines had told him the \$100 money order was for his mother-in-law. Growden then added that he took the money in the same brown envelope and gave it to Sines.

Mrs. Swach, the third and last state witness, testified that she cashed the money order for Growden and placed the \$100 in the same envelope, which she handed back to him.

Motion Overruled

Mr. Berry then moved for dismissal of his client, Judge Harris overruled the motion after reminding the attorney that the motion must be submitted in writing under rules of the court.

Sines denied that he ever took a money order of Mrs. Winders' from its envelope, denied that he ever opened any mail of Mrs. Winders, denied he ever gave Growden a money order to be cashed or received an envelope from Growden containing \$100 in cash.

The defendant said he lost his job at ABL because of this incident. He was told, he testified, that he would be allowed to keep his job if he paid the \$100 to Mrs. Winders. He refused, he added, because he never had obtained any money from his former landlady.

Sines was tried by a jury in Allegany County Circuit Court last October 17, but it was unable to reach a verdict.

Hearings Slated On Motor Bills

Hearings on three motor vehicle bills are scheduled this month by the Judiciary Committee of the House of Delegates.

A public hearing will be held January 23 at 10:30 a. m. on House Bill 5, which would require all holders of Maryland driving permits to take a re-examination every third year.

A hearing on House Bill 10 is scheduled January 24 at 10 a. m. The proposal calls for license plates to be reflectorized so they can be visible at night for at least 1,500 feet and readable at 110 feet.

The committee will hold a hearing January 29 at 11 a. m. on House Bill 13. It provides that in criminal prosecution for driving under the influence of liquor or drugs, chemical tests showing the percentage of alcohol in the driver's blood shall be proper evidence in court.

Anyone interested may attend the hearings in the State House in Annapolis or express his views to the committee headed by Del. Lloyd L. Simpkins (D-Somerset).

Births

Mr. and Mrs. Casper Kight, former residents now living in Martinsburg, W. Va., announce the birth of a son Sunday at Kings Daughters Hospital in Martinsburg.

Memorial Hospital

Mr. and Mrs. Clinton E. Cage, 425 Arch Street, a son yesterday. Mr. and Mrs. Franklin D. Rice-wick, Green Spring, a son yesterday.
